

## Appendix 1: College Enrollment of Michigan 4-H Program Alumni from High School Classes of 2012-2017 by county

Please note:

1) FERPA prohibits reporting college enrollment data for student groups smaller than 10. Counties with college enrollments less than 10 are suppressed to protect student privacy (denoted with a tilde ~).

2) Comparison enrollment data from the State of Michigan is grouped by intermediate school district (ISD). Multiple counties are often grouped into one ISD, and county groupings sometimes differ from MSUE district groupings. Counties where comparison percentages include counties outside of a district are denoted with an asterisk (\*).
