

## Session Descriptions

### Sessions 1 and 2

**Adventures Pack Goats** Learn about pack goats including basic training and what is bonding with your goat. Learn how to take your goat hiking & camping.

### **Beekeeping's Sweet Rewards**

At the end of a season of beekeeping there are several sweet rewards for the beekeeper. Join us as we uncap and harvest honey. Sample some honey from the 4-H hive, YUM! And then use some of the wax from the hive to make lip balm and lotions. There will be no live bees in this class.

### **Cupcake Chaos**

Make, bake and decorate your own unique cupcake creation. May the best decorated cupcake win!

### **Hear Us Roar**

Find your voice through fun games & activities! Games will focus on working as a team, role-playing, leadership, problem solving and, of course, fun!

### **Farm to Plate**

Everybody Eats! Do you know how your food gets from the farm to your plate? Learn how food is produced, how products produced on the farm connect to MyPlate, and some of the jobs that make it possible.

### **Magic Pillowcases**

In this session you will choose 3 coordinating fabrics that will make up this creative and FUN pillowcase. It will be so easy it's almost magic!

### **Hocus Pocus**

Ready to make some magic? This magical themed workshop will teach the participants some magic with ropes, as well as a funny dot card routine. Hands on teaching and instruction will make sure you can fool your friends and family, with a little practice. The rope and dot card are yours to keep!

### **Right on the Target: Archery**

Want to stay on target with shooting sports? Join this archery session! Learn how to safely shoot a bow and how to stay safe while learning.

### **Right on Target: Air Rifle**

Whether you are a novice or expert marksman this session is for you! During this session learn how to be safe while learning about air rifles. Get hands on training with instructors and see if you have what it takes!

### **Snowshoeing Adventure**

Love to be outdoors? Get some fresh air as we explore the trails at Kettunen Center by Snowshoe? All experience levels are welcome. Snowshoes provided too. Dress for the weather and enjoy the wonderful winter outdoors. Participants should bring a water bottle to this session.

### **Sharpie Tie Dyed**

Use your creativity to make a work of art that you can wear! Participants will learn a new tie dying technique using Sharpie markers.

## **Session 3 & 4**

### **Acting Up**

Whether your goal is to be on stage or to just be more confident in front of groups, this session can help! Share in laughs, energy and creativity while you learn skills such as projection, diction, stage directions, getting in to character and more.

### **Advanced Outdoor Cooking**

Know some basic outdoor cooking skills but ready to turn up the heat and sharpen your skills? Take the next step with this session. This session is a great fit for those who have taken Outdoor Cooking at 4-H Winterfest in past years.

### **CHOPPED For Kids**

Teams of kids will be assembled and each team will be given ingredients they MUST use (along with some pantry items) to create a healthy MyPlate snack. The most creative and tasty meal will win CHOPPED for Kids "spoon trophy".

### **Crafts Around the World**

Be introduced to some simple traditional crafts from around the world. Learn how to make the crafts and have fun creating.

### **Cupcake Chaos**

Make, bake and decorate your own unique cupcake creation. May the best decorated cupcake win!

### **Knit, Knit, Knit**

Learn to knit making a simple project to take with you. You will also receive your own yarn and knitting needles to make future knitted creations at home.

### **Leather Crafting**

Leatherworking is the perfect hobby! In this class, receive hands-on, step by step instruction on the use of leather tools, stamping, and materials while making a fun project to take home.

### **Music, Movement and Fitness**

Try a variety of different movements and activities to stay active and healthy. See how much fun fitness can be and try out a drum fitness activity!

### **Sharpie Tie Dyed**

Use your creativity to make a work of art that you can wear! Participants will learn a new tie dying technique using Sharpie markers.

### **Try Taekwondo!**

This session will introduce participants to the Korean martial art of Taekwondo. You will learn basic techniques, self-defense and wrap up the session with a board breaking demonstration and opportunity to break a real pine board with a kick or hand strike!

### **Veterinary Science**

Want to learn the ins and outs of animals? What does it take to keep your animals healthy? Attend this hands-on workshop to find out. There may be a dissection involved!

## **Session 5 & 6**

### **Adventures with Pack Goats**

Learn about pack goats including basic training and what is bonding with your goat. Learn how to take your goat hiking & camping.

### **Animal Senses Exploration!**

Have you ever wondered if you experience the world the same way as animals do? Do humans see, hear, and smell the same way as cats, dogs, horses, cows or other animals? This interactive sessions will allow you to experience the work in wild new ways!

### **Beginner Outdoor Cooking**

When out and about in the great outdoors, and have a craving for a muffin, do you know why an orange peel is your best friend? Learn this and more with the outdoor cooking session. This session is intended for those who have not taken outdoor cooking in the past.

### **Friendship Bracelets**

Create 3 different friendship bracelets styles using embroidery floss and string. Learn to create your own patterns for future bracelets.

### **I Scream for Ice Cream**

Learn the science behind making ice cream. 4-H members will also learn how to make ice cream with just a few simple ingredients. During this session, we will also be doing some taste testing. If you like ice cream this session is for you.

### **Money Makes Cents**

Learn tricks to become a millionaire! It IS possible! Jump into fun activities about making and saving money. YOU get to choose how to use your money. Don't pass up this opportunity to learn to save for your first million!

### **Right on the Target: Archery - Safety and Shooting**

Want to stay on target with shooting sports? Join this archery session! Learn how to safely shoot a bow and how to stay safe while learning.

### **Right on Target: Air Rifle - Safety and Shooting**

Whether you are a novice or expert marksman this session is for you! During this session learn how to be safe while learning about air rifles. Get hands on training with instructors and see if you have what it takes!

### **Snowshoeing Adventure**

Love to be outdoors? Get some fresh air as we explore the trails a Kettunen Center by Snowshoe? All experience levels are welcome. Snowshoes provided too. Dress for the weather and enjoy the wonderful winter outdoors. Participants should bring a water bottle to this session.
