

**7th Annual
Buildings Alive! Ybor City Architecture Hop
Thursday, March 8, 2018, 5:00 – 9:30 p.m.**

Sponsorship Opportunities

If Ybor City's historic buildings could speak, they would relate remarkable stories of the diverse people and organizations that have occupied them over time, and captivate us with stories of courage, accomplishments and intrigue. The **Buildings Alive! Ybor City Architecture Hop** is a fun-filled insider tour that showcases the unique architectural styles of History Ybor and presents a genealogy of each featured building's preservation and restoration. A **Buildings Alive!** sponsorship gives your company or organization high visibility in the community, supports the preservation and promotion of Ybor City's rich cultural heritage and architectural history, and helps bring new audiences to our National Historic Landmark District.
