**PUBLIC MEETING SCHEDULED FOR TUESDAY, JANUARY 17, 2017;**

**Purpose is to take comments on proposal to restrict shrimp trawling**

The meeting will be conducted by the Marine Fisheries Commission to take public comment on the North Carolina Wildlife Federation's Petition for Rulemaking. The following Advisory Committees will hear comments from the public:

Finfish; Shellfish/Crustacean; Habitat and Water Quality; Northern Regional; Southern Regional

The subject of this may be to take comment on the recently filed Petition for Rulemaking by the North Carolina Wildlife Federation regarding severe restrictions on shrimping, but as far as we're concerned, this is a referendum on the future of commercial fishing in North Carolina! Put this date on your calendar! Set aside the whole day for it! Again, the meeting begins at 12:30pm.

The meeting will be held at the New Bern Riverfront Convention Center, beginning at 12:30pm.

**SOUTHERN FLOUNDER LAWSUIT:**

We would like to thank all of you who have donated to the Southern Flounder Fund so far. We will send a special update out soon listing those who have contributed to the fund.

As noted previously, we have had two hearings on our lawsuit on southern flounder before two judges. Both judges ruled in our favor. However, it's not over! There will be a hearing at some point and we need to be prepared!

Whether you are a commercial fisherman, dealer, or recreational fisherman, if you are pleased that we took this legal action and your season did not close on October 16<sup>th</sup> as the MFC planned, we need your help!

Checks can be made payable to:

NCFA Southern Flounder Fund
