

Halo introduces the all-new HU30 Undercabinet LED luminaire. The series offers value added features that deliver increased energy savings and added convenience for users.

NEW SeleCCTable Color temperature

- Allows late point definition and adjustment of CCT for flexible lighting effects and applications
- Four position external switch allows users to choose between 2700K, 3000K, 3500K and 4000K

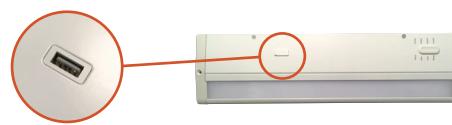

NEW PIR Motion sensor

- Provides added convenience and energy savings as fixture on/off is managed based on movement detection
- The motion sensor functionality can be configured to occupancy or vacancy mode at time of installation

NEW USB Power Output

- Useful for charging many smart devices in the absence of a receptacle

NEW Universal Voltage Operation at 120V through 277V

- Increases suitability of fixture for commercial as well as residential applications

Performance & Features

- SeleCCTable color temperature for flexible lighting effects and applications
- CCT Options include 2700K, 3000K, 3500K or 4000K
- Motion sensor activated on/off delivers increased convenience and energy savings
 - Occupancy/Vacancy sensing option configurable at commission
 - Motion sensor capable of group fixture control
- Convenient USB port charging option
- Sleek and seamless 3/4" profile
- Delivers up to 60 Lumens per Watt
- 90 CRI standard
- Available in standard lengths of 9", 18", 24", 36" and 48"
- Dimmable down to 5% with select dimmers at 120V
- Multiple wiring options including flexible conduit, romex or plugin
- Back wire option for increased space utilization
- Lasts for 50,000 hours or up to 22 years
- 5-year warranty
- cUL rated and ENERGY STAR® certified

Pricing & Availability

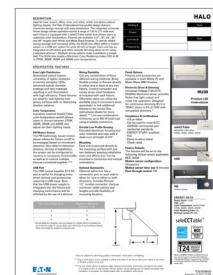

Product available and in stock 1/7.

Powering Business Worldwide

HU10 Series Transition to MTO

In order to focus on innovative technology and product solutions that meet evolving market requirements, the HU10 series under cabinets will be transitioned to an MTO item only. Please note that the HU30 series is not backwards compatible with the HU10 series. Below is a cross over for reference. For more details please refer to the specification sheet or contact HALO technical support.
