The Home Builders Association of Midland is proud to offer the required course, and hours, to obtain your builders license at our Midland office! Midland continues to be a bright spot in the state for residential construction, and this is another way we are reaching out to our community to offer value. The course requires four days of in-class training, along with study time at home, to complete the 60 hours required to obtain your license. Lead Renovator Certification one day class free with Builders License Course.

Please RSVP with form and payment by
