## Day 2

---

Our day begins with a coastal drive heading into the city of Durban, recently voted as one of the New 7 Wonders Cities of the world. Built on a ridge, overlooking the ocean, we visit one of the prime viewpoints in one of the oldest suburbs of this once British colony. We then head into the city centre to explore one of the oldest and most culturally diverse areas.

With Durban having the largest Indian community outside of India, it's no surprise that they have played a huge role in the character and architecture of the city. The narrow lanes and arcades around Grey Street are a vibrant collection of trading stores featuring colourful fabric, beads and homewares. The newer African immigrant populations have also established businesses with Ghanaian, Mozambican and Nigerian shops sitting alongside their local counterparts. A visit to the Victoria Street Market with its spices, arts and crafts as well as the nearby traditional herbal market will overwhelm the senses and it's a great way to interact with the locals and practise your bartering skills.

We'll enjoy a traditional Indian lunch before heading to the 'Golden Mile' – a playground for locals both in and out the warm waters. We'll hop on a bicycle for a short ride along the promenade that runs from the harbour entrance to the river mouth passing the World Cup soccer stadium en-route, before heading back to the hotel.
