# The Poynt Smart Terminal

The first payment terminal you'll love.

Your business deserves modern technology. The Poynt Smart Terminal is an all-in-one smart device you will actually want to have on your counter.

POYNT

Reporting, Anywhere

Manage your business, and review analytics on your phone, terminal, or web.
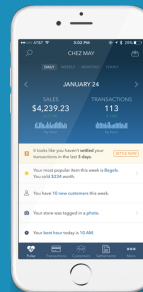

Features That Matter

Dual-facing screens, built-in printer and scanner, and app store make Poynt a complete payment solution.

Branding Ready

Upload your logo or other images to your terminal. Customize your register to reflect your company colors.

Settle With Your Phone

Settle anywhere with remote settlement via your Poynt HQ app. Extra bonus: track sales real-time.
