*...All of this to be done in a mere 2 hours???*

*But who better than a group of 'powerhouse women' to do it, and do it well?!?*

# Initial conditions\* of the entrance and play area

\*A week prior to the project, Glasswing worked with parents and local workers to lay a cement base, in order to improve the hygiene, prevent pooling of water, and improve the kids' only play space.

Painted the whole building – with the parents' help  
– to make it more joyful

# Belizean Grove Volunteers Painted Murals and Games, together with the children's parents

Teamwork, commitment, and a sense of humor... paired with world geography experts, and our very own artist!

# No kindergarten is complete without floor games and a brand-new swing-set!

...and a serious squat workout in the process!

# Transforming the outdoor storage into a beautiful garden, with recycled tires and plants

...this small team  
meant business!

# An incredible transformation of the classroom

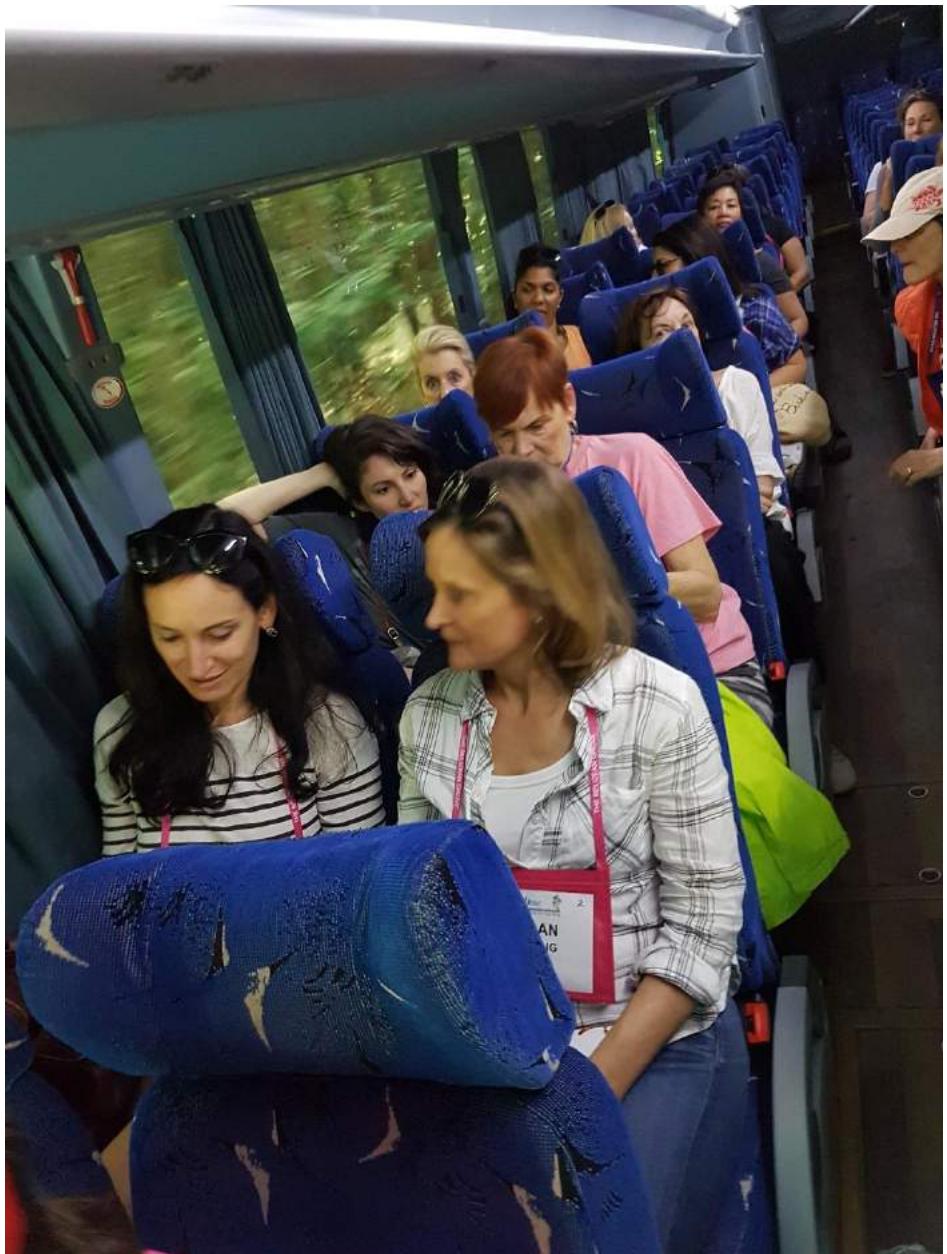

...inspired ladies completing a reading tree mural, installing shelving, and preparing this space for a reading corner for the donated books...

Grovers and Taras also had a blast creating imaginary worlds with the students and their teachers

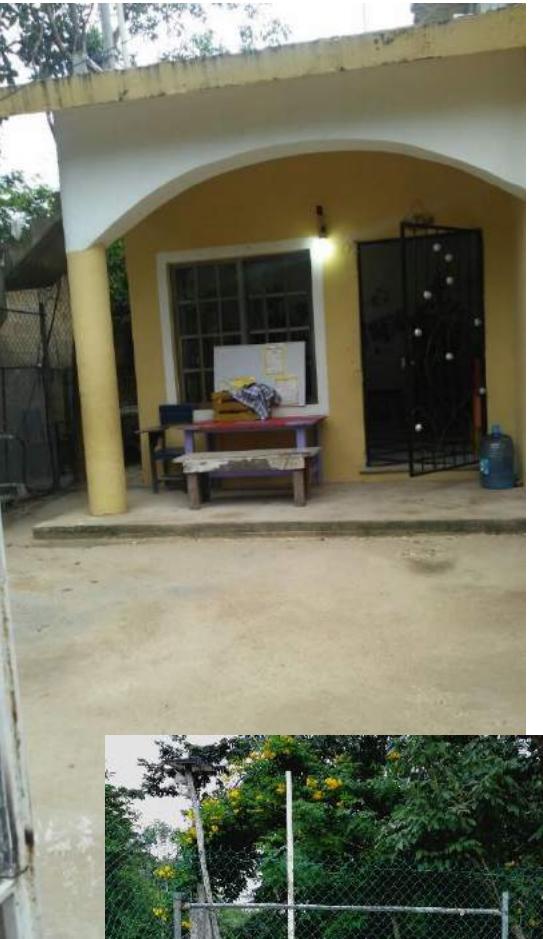

# A huge 'thank you!' to our in-house translators, too!

Mission accomplished... in only 2 hours!

Remember this place?

It now looks like this...  
Thanks to each of you!!!

*Set your heart on doing good. Do it over and over and you will be filled with joy. -Buddha*

Unless someone like you cares a whole awful lot...  
Nothing is going to get better.  
It's not.
