

Dear St. Stephens Family,

Meghan and I would like to thank you for all of your support and prayers that you have bestowed on us always, but especially this year. We have had an interesting journey filled with thankfulness for our blessings, especially all of you.

We keep you in our daily prayers and are humbled by your s. Being a Christian family is sometimes a challenge but always worth the ending joy. We support each other, we care for each other and we love each other. Thats what we are called to do as Christians. Still, to have experienced your support, care and love so much this year is overwhelming and appreciated more than you can ever know.

I especially would like to thank the EFM class for working with Meghan so she could finish her final year and the collect they read supporting my journey at the end of classes. Again I'm humbled. Also, those individuals that have written individually and on group cards. Your prayers and best wishes are the centerpiece of my healing in body, spirit and mind. I thank you.

Yours on the journey,

Lyle Skillen
