MFGA Announces New Chairperson at 2018 AGM

Viriden's Darren Chapman takes helm of Manitoba Forage and Grassland Association

Winnipeg, MB (March 12, 2018) --- Viriden's Darren Chapman was announced as the new Manitoba Forage and Grassland Association (MFGA) chairperson at the 2018 MFGA Annual General Meeting held in Brandon recently. Chapman, a longtime member of the Manitoba Hay Exporters, succeeds Killarney's Dave Koslowsky at the helm of the grass and forage producer group.

"I've been around grass, forages and livestock most all my life and I understand their importance to our farm operations," said Chapman. "I believe the most important days for grass and forages are with us right now and I believe MFGA is well-positioned to continue on the good path Dave set for us as chair and for us to keep working hard and together as a board on behalf of forage and grass producers in Manitoba."

MFGA Finance Chair Ryan Boyd retained his position for another term on the MFGA Board Executive while Larry Wegner of Viriden begins his first term as MFGA Vice-Chair. Koslowsky will remain on the MFGA Board Executive as past chairman.

Chapman runs a grain, hay and cattle operation with farm partners Parry and Rob Chapman and Jeff Elliott near Viriden. Darren and wife Laura have four daughters that pitch in and help around the family farm south of Viriden when not in high school or University classes.

-30-
