

# BUSINESS WALK REPORT

August 2016

## Park Avenue, Humboldt Road & Meyers Street Business Walk & Community Safety Meeting

124 Businesses Visited | 2 Business Walks | 12 Team members | 1 Community Safety Meeting

On behalf of Team Chico and our partners, the information below is provided as a report on the activities and outcomes related to our monthly Business Walks and Community Safety Meetings. The purpose of the Business Walks is to increase awareness and improve communications between Team Chico and its partners, including the City, and business owners. **Our goal is to identify needs, challenges, and opportunities for local businesses, and to provide services, resources, and solutions when possible.** Please note: the most critical “Red Team” issues are addressed by the Team and are not included below.

### Key Accomplishments & Projects:

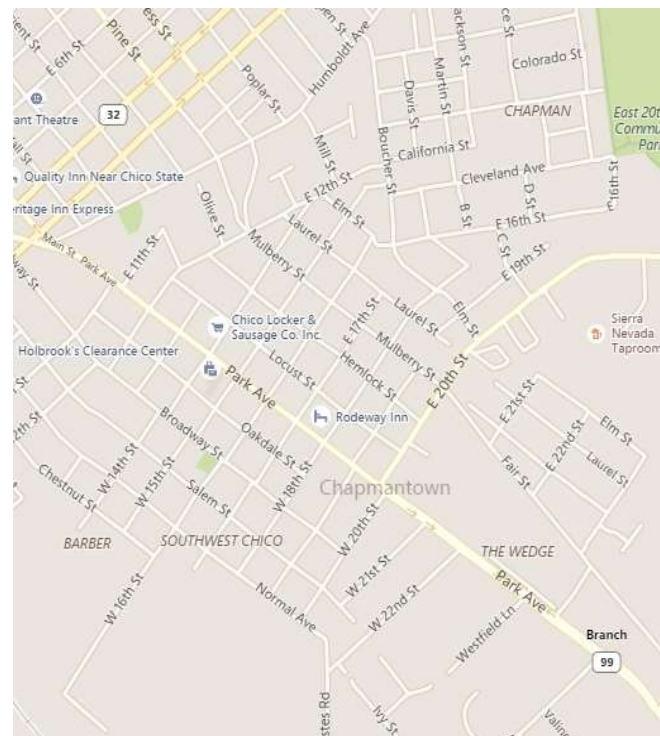

1. Comanche Bridge beautification project allows for bike travel.

→Next step: Convene Meyers Street business and property owners to discuss elevated need and opportunities for private patrol and CPTED.

### Red Team Issues:

1. Considerable and chronic vandalism to businesses in the Park/20<sup>th</sup> Street intersection.
2. Meyers Lane experiencing more issues with the installation of the Comanche Bridge.
3. Encampments on business property and the creek are troublesome.
4. Businesses are sensing they are unwelcome due to the increase in crime.
5. Sense that the police are not patrolling adequately – staffing issue.

**Business Walk Dates:**

1. July 29, 2016, 10:00 a.m. – noon
2. August 1, 2016 3:00 p.m. – 4:30 p.m.

**Business Feedback:** The Team asked standard Business Walk questions such as: “Tell us what it’s like doing business in this area.” “Do you have any concerns about doing business here?” We also asked for feedback and observations on traffic, congestion, safety, and general business climate/health issues:

- **Homelessness:** Businesses reported encampments outside or on their business property, pan-handling, loitering, harassment of customers and employees, building of fires on the side of the physical building, all hours of public intoxication, defecation on business and property, and stealing of water/electrical.
- **Cleanliness:** Businesses reported issues with other businesses’ customers leaving behind trash and bodily fluids on their property.
- **Security/Safety of Businesses & Properties:** Businesses reported issues with drug paraphernalia, police not patrolling their area, the need to personally police because they feel the actual police aren’t properly patrolling or able to help, theft, break-ins, and vandalism.
- **Curb/Street Signage:** Business reported issue with the curb in their back alley not properly painted, allowing cars to block their business.

**Questions?** Email [katie@chicochamber.com](mailto:katie@chicochamber.com) or call (530) 891-5556 x303.

## **COMMUNITY SAFETY MEETING – August 4, 2016**

On Thursday, August 4, 2016, a Community Safety Meeting was co-hosted by Team Chico and the Chico Police Department at Chico Country Day School on Broadway Street in Chico. Business owners and area residents were invited to gather, share feedback, and hear updates on safety projects, new technology, and policy updates. Below is a summary of agenda and discussion from this community gathering.

### **Community Safety Meeting Agenda**

- Introductions
- Issues & Concerns: Vandalism, Theft, Panhandling, Car Break-ins
- Chico Police Department Update – Chief Michael O'Brien
  - Target Team
  - NextDoor Web Site and Chico PD App
  - Immediate and long-term staffing
  - Crime Prevention through environmental design (CPTED)
  - Contact Information for the police department
- Audience Q & A
- Please Return Completed Survey

### **Summary of Discussion:**

- Multiple businesses concerned with homeless camps and they feel helpless.
- Private security is used on Meyers but multiple businesses don't feel it is effective.
- Concerns there will be accidents by Comanche Bridge Area between cars and bikes. Cars drive too fast and eventually there will be problems.
- Comanche Bridge Area is on the Police Department's daily route.
- Jesus Center understands their non-profit attracts issues and/or perceptions of issues. Jesus Center states they are a non-profit and can apply standards to each individual who is using their facilities. If businesses can photograph or name the individual causing the problem and forward to the Jesus Center, the Jesus Center can then create consequences for those individuals (i.e. give warnings which then can turn into that individual being refused service etc.). We need "compassion joined with accountability".
- Best way to call Police Department, for NON EMERGENCY or reporting issues, call the non-emergency number. OR use the Chico PD App to report concerns.

- Best way to call Police Department, for EMERGENCY or immediate assistance, call 911.
- Chief asked businesses to begin reporting issues again. Plug in burglar alarms, etc.
- Comanche Creek area may be a candidate for surveillance (if Nord bike path safety camera project is successful and program is expanded).
- Homelessness and the impacts on individuals and communities is count-wide and state-wide issue. Not just a Chico issue. California is a magnet and California is not assisting with solutions with Prop 47 and AB109. Complex, but being discussed.

## **UPCOMING SAFETY MEETINGS**

- **Nord Corridor & Campus Perimeter:** Friday, September 16, 2016, Noon - 1 p.m. at Azad's Martial Arts Family Center, 313 Walnut Street #150, Chico.
- **North Esplanade & East Avenue:** October TBD
- **Hegan Lane, Otterson Drive, and Midway:** November TBD
- Additional meetings are being scheduled throughout business districts in Chico in 2016.

**Businesses, property owners, and community members in the corresponding areas are welcome and encouraged to attend these free Community Safety Meetings. No RSVPs are required.**

### ***Team Chico Partners***

*Many thanks to the Chamber Ambassadors, Chamber Young Professionals Organization, Butte County, Butte College, and Chico State.*
