Help us Build our New Home !

To better serve **YOU**—our athletes, families, volunteers and friends—we are building a one-of-a-kind, permanent new home in Greater Atlanta!

SOGA's **TRAINING FOR LIFE** will allow us to build a facility that will increase the depth and capacity of programs through improved training of volunteers, coaches, families and athletes. The new facility will provide a fully-equipped sports lab and a gymnasium to offer on-

site training and programming for athletes, as well as the administrative space and support needed for its expanding network of volunteers and staff.

We've raised \$4.9 million toward our \$5.5 million goal—and **we need YOUR help to finish this project.**

The new facility will include a **TIME CAPSULE** to commemorate this important step for our SOGA family and the many stories that make up our great work.

Through a donation of \$50 or more, you can share your story in this time capsule and forever be a part of SOGA's history.

All donors are invited to submit a one-page letter to be placed in the time capsule at our grand opening celebration in November. The time capsule will be reopened in 2067, on the 50th anniversary of Training for Life!

Complete the below form to make your gift and submit your story.
