DINING ON BOARD

The menu served from our bespoke Kitchen Car is devised by our Chef Director, who refreshes beloved British dishes with a modern twist, using seasonal ingredients whenever possible.

Meals are served at a leisurely pace, allowing for pick up and drop off stations along the way and opportunities to alight the train. We offer a single set menu on all our trips, but if notified in advance, we can cater to a range of dietary requirements, including vegetarian, vegan and coeliac alternatives.

On a typical day trip, you will be welcomed on board with champagne and orange juice, accompanied by morning pastries. This is followed by a delicious Full English breakfast or brunch. On the return journey, you will enjoy a sumptuous four course meal. On some journeys the meals offered vary due to trip length and time.

Pullman Style Dining

With elegant 1950s or 1960s carriages, wood-panelled walls, table lamps and curtains, combined with our most comfortable seats and the highest level of service, the atmosphere in Pullman Style Dining evokes memories of a bygone era. Extra touches like canapés to open the evening meal, which is accompanied by a half bottle of wine per person, make Pullman Style Dining our most popular class of travel.

Premier Dining

Comfortable 1960's Restaurant Cars with wood panelling and large picture windows await you in Premier Dining.

First Class

Passengers are seated in compartments for up to six people or in 1960s open carriages at tables for four. Champagne and orange juice is served shortly after boarding, along with tea and coffee. Homemade cakes or biscuits are served on the return journey.

Premium Standard

In Premium Standard, seating is in 1960's open carriages with large picture windows. The carriage has individual seating around tables of four laid with white linen tablecloths. You are served complimentary tea or coffee at your seats.

In both non-dining classes our waiting staff will be at your service throughout the journey to take orders for the purchase of food and drink from our on-board selection, all served to your table. You are also welcome to bring your own food and drink on-board.

TERMS & CONDITIONS

General Conditions

Steam Dreams will use its best efforts to ensure that the proposed locomotives, coaching stock, route and times run as advertised but we reserve the right to amend or cancel any part of the tour at any time. Steam Dreams cannot accept any responsibility for the action of third parties and strongly recommends that all passengers take out travel/cancellation insurance. Charges do apply should passengers need to cancel or postpone their trip for whatever reason, whether their plans change due to ill-health, travel issues or weather conditions. To avoid disappointment or unnecessary expense, passengers are advised not to pre-book transport links or accommodation, unless the costs associated with cancelling these arrangements are covered by the passengers own insurance, as Steam Dreams cannot be held liable for additional costs incurred in passengers travel plans.

Timings, routes and locomotives are subject to change as Steam Dreams is dependent on third parties and these are not within their control. Timings displayed in Steam Dreams brochures and on the Steam Dreams website are approximate and subject to change. Timings and platform numbers are confirmed by Network Rail normally 5-7 days before travel and once details are confirmed tickets will be issued with the final timings and platform numbers.

Steam Dreams will use its best endeavours to ensure the boarding/alighting stations listed in their brochure and website are those which are used on the day. However,

due to operational reasons, occasionally Network Rail's final timings do not include one of the boarding stations we have requested. In these circumstances, Steam Dreams will take responsibility for ensuring that passengers are able to join the train at the nearest available boarding station at no additional cost (usually by service train).

Steam Availability

Steam Dreams will use its best efforts to provide steam traction on trips rostered for steam haulage, for the sector(s) advertised as such, but this cannot be guaranteed. On occasion a diesel locomotive may be substituted, mainly due to fire risk, drought, route restrictions or locomotive failure. All steam locomotives are subject to a Fitness to Run (FTR) exam 24 hours prior to running on the main line, which means it is sometimes necessary for a substitute to be made at the last minute. On some tours it may be necessary for a part of the journey to be diesel hauled, normally at the request of Network Rail, the train operating company or the locomotive owner. Where possible we will try to make this clear at the time of booking but it may be necessary for changes to be made at a later stage for operational reasons. If for reasons beyond our control a trip has no steam traction a partial refund of £15 in Premium Standard, £20 in First Class, £25 in Premier Dining and £30 in Pullman Style Dining may be offered. Alternatively we may offer a credit note for treble this amount to be used against a future trip. The nature of the compensation must be agreed on the date of the

trip, otherwise the credit note will be issued. Passengers who have booked using a Steam Dreams or third party voucher will be issued with a credit note for the amounts stated above.

Diesel Assistance

Occasionally, on steam hauled trips, a diesel engine may be attached to the train for operational reasons or due to adverse weather. Steam Dreams will not offer a discount or compensation in this instance.

Traveller Health Conditions

To get the most out of our trips, passengers must be able to board the train and walk through the carriage(s) to their allocated seat unassisted. Passengers must make Steam Dreams staff aware of any mobility assistance required at least a week prior to the date of the tour. Mobility assistance includes the use of wheelchairs, walking frames and walking sticks. Wheelchairs, walking frames and mobility scooters must be of the fold-up variety and will be issued with an identity tag before being stored in the guards van and cannot be used on board the train. If in doubt, please contact the Booking Office for advice.

Dining on board

Please check the individual day trip itinerary and the 'Your Route' section to see what meals are included on each trip. Steam Dreams will endeavour to ensure delivery of the dining service to Pullman Style and Premier Dining

Passengers as listed in our publicity material. On-board meal service is dependent on train timings (issued to Steam Dreams by third parties), provision of utilities and access to re-stock, and therefore on very rare occasions may be subject to revisions from what has been advertised.

Steam Dreams will endeavour to cater for allergies or severe dislikes of some foods, but cannot guarantee that all our food will be totally free of specific allergens (such as nut, garlic or gluten) as it is prepared in kitchens where traces of allergens may be found.

Payment

Bookings may be paid for by debit or credit cards. Other payment methods including paying by bank transfer or cheque* are available for telephone bookings only although cleared funds must be received at least 14 days prior to travel. Cash payments may be made by arrangement with the Booking Office or on-train staff.

*We are unable to accept payment by cheques less than 21 days prior to departure. This is to allow for postage and time to process the payment.

Gift Vouchers, Credit Notes & Discounts

All third party gift vouchers, Steam Dreams gift vouchers, credit notes or discounts must be redeemed through the Booking Office by telephone and cannot be used for online bookings. In the event of a train being cancelled or you cancelling your booking, vouchers are non-refundable as a cash payment, however vouchers can be transferred for use against another Steam Dreams trip. In the event of a customer cancellation, the cancellation/transfer conditions stated below will apply.

Third party vouchers may only be redeemed on particular trips, as specified by Steam Dreams. If you choose to cancel a booking made with a third party voucher within 7 days of departure, the third party voucher is non-transferable.

Discounts may only be used against bookings made after the date of issue and cannot be retrospectively added to any previous bookings.

All deposits are non-transferable or refundable, even if subsequent payment has been made for the full balance.

During your time with us, please bring any problems you may experience to the attention of the management so that we may try to rectify them swiftly.

Please note that tickets for all day trips are sent out by email unless requested to be sent by post.
