

## 2017 Securing the Future – A Signature Nonprofit Event

Securing the Future is an annual conference dedicated to building the strategic and resource development skills of the board and staff of Greater Cincinnati nonprofits. Securing the Future is an educational program designed to address the needs and concerns of board members and senior leadership. Participants hear from prominent national and local speakers, attend break out sessions for a deeper dive into the keynote topic, and have a chance for interacting with peers.

## 2017 Focus: 'Nonprofit Juggling: People, Perspectives, and Priorities!'

### **Speaker: Vu Le**

Non Profits have a lot of balls to juggle:

- Running effective programming
- Ensuring board members are engaged
- Finding freebies
- Even Meeting payroll

Meanwhile, priorities have changed.

What balls do we still need to juggle?

What are the new juggling skills we need to have in order to be successful?

Vu Lee, author behind [nonprofitwithballs.com](http://nonprofitwithballs.com) and grizzled executive director of Seattle-based organization, Ranier Valley Corps will lead an entertaining discussion covering today's new perspective and how we can end the Nonprofit Hunger Games.

Known for his no-BS approach, irreverent sense of humor, and love of unicorns, Vu has been featured in dozens, if not hundreds, of his own blog posts at [nonprofitwithballs.com](http://nonprofitwithballs.com). Vu is an experienced keynote speaker and nonprofit leader who talks about a variety of subjects: Nonprofit funding, challenges, the Overhead Myth, the Sustainability Myth, equity, and diversity. He brings humor, insight, and probably five or more references to unicorns to every keynote he gives. He hates dry, boring speeches and strives to make each one unique to the audience.
