2017 SOCIAL JUSTICE RETREAT:
FINDING YOUR VOICE AS A FAITHFUL ADVOCATE

In the midst of this fractured and antagonistic political environment, it can be hard to stay engaged. Wearyed by news coverage and put off by the status quo, we are tempted to just retreat from social action. Angered by injustice in our neighborhoods and across the globe, we are tempted to raise our voice, but not necessarily in productive dialogue. Let us instead come together for an intentional 24 hours focused on social justice and advocacy. Our time will include friendships, food, and fellowship as well as scripture, prayer and worship. We will welcome dynamic speakers and there will be free time to explore Madison.
