Connecting People Who Care with Causes that Matter...

A YEAR TO CELEBRATE!

The Western Colorado Community Foundation is celebrating its 20th anniversary! For two decades, our regional foundation has been promoting local philanthropy and improving the communities we live in here in western Colorado!

We are pleased to report on our work this past year. 2016 was an excellent year for our regional community foundation... as measured by the total number of grants and scholarships awarded, total new donations received, and growth in total assets under management.

On the following pages you will find stories about our generous donors, the grants they make and the impact they have. We celebrate the creation of 15 new donor funds in 2016, many of them focused on education. In addition to managing endowed scholarship funds for Delta County School District, we celebrate a new partnership with Delta-Montrose Technical College to provide scholarships for vocational education. In partnership with D51 Foundation, we distributed \$50,000 worth of Chromebooks to elementary schools in Mesa County, providing much needed technology tools for 21st century learning.

While many of our \$2.5 million in grants provided general operating support to dozens of nonprofit organizations, we also supported important capital projects to help our nonprofits expand to better meet the needs of those they serve. Several of these larger grants are featured on the following pages.

In this our 20th anniversary year we celebrate all our wonderful donors and the many worthwhile projects we are able to support. Help us continue to grow... for another 20 years and beyond!

2016 Highlights

- Over \$9 million in new donations
- \$2.5 million in grants and scholarships awarded - a 20% increase from 2015
- 15 new funds established
- \$60 million in total donor fund assets under management - a 28% increase from 2015
- Four new planned gifts documented

Anne Wenzel
President and Executive Director

Types of Funds

Our Community Foundation offers a number of different types of funds and maximum flexibility to donors. Donors can establish a permanent endowment or a fund for a more limited time duration.

- **DONOR-ADVISED FUND** – provides the ultimate flexibility, allowing donors to recommend specific organizations to receive grants each year.
- **DESIGNATED FUND** – donors select one or more favorite charitable organizations and the designated organization(s) automatically receive the annual earnings on the fund.
- **FIELD-OF-INTEREST FUND** – donors choose the area of impact for their funds (e.g., children at risk, arts and culture) and WCCF makes the annual grantmaking decisions.
- **NONPROFIT (AGENCY) FUND** – nonprofit organizations establish these funds to provide an annual income stream to support their mission.
- **GEOGRAPHIC AREA FUND** – donor or group of donors establish the fund to benefit a particular geographic area or community.
- **SCHOLARSHIP FUND** – donors establish the criteria and guidelines to provide financial support to students pursuing college or continuing education after high school.
- **COMMUNITY GRANTS FUND** – donor contributions enable WCCF to respond to new and changing needs in our communities.

Getting kids to unplug and explore the outdoors Establishing the Nature Connection

Now retired, Delta County elementary school teacher Anita Evans has a vision to expand environmental education – in classrooms and outdoor settings – for school age children. Founded in 2014, the Nature Connection began by distributing science inquiry tubs for elementary school teachers, complete with lesson ideas and hands-on activities. They organized teacher training programs with Colorado Parks and Wildlife. With the help of many partner organizations, they offer varied recreational activities for children who might not otherwise be exposed to camping, fishing, archery, cross country skiing, and water sports. Current projects include a gear lending library that collects and lends out equipment for these activities. Their Youth Outdoor Network provides high school students with opportunities to explore careers in natural resource management.

Delta County's Nature Connection involved more than 4,000 children in outdoor education and recreation last year.

A number of our donors support programs that encourage kids to put away their electronic devices and get outdoors to learn about nature and enjoy the many recreation opportunities in western Colorado.

Remembering Bill Ela

Long-time champion of open space and outdoor recreation

Bill Ela grew up in a historic Victorian house on Main Street in Grand Junction, now the office for the Mesa Land Trust. His mother, Lucy Ela, a founding member of the Grand Valley Audubon Society, instilled in her son a love of birds and botany.

Bill's career involved serving in the Navy and as a District Court Judge for 35 years, but his civic passions revolved around championing open space conservation and outdoor recreation. He founded and served as co-chairman of the Colorado Riverfront Commission, promoting access to the riverfront and the extensive riverside pathway system. He was an avid skier, active in the Grand Mesa Nordic Council well into his 80s. In his retirement, Bill and his wife Shirley (a founding board member of our Community Foundation) moved to Rogers Mesa in the North Fork.

Bill served on the board of Goodwin Foundation for decades with his long-time friend, Herb Bacon. The Bacon Family Foundation honored Bill with a grant of \$50,000 to support Delta County's Nature Connection program (see story on opposite page). This generous grant is a fitting memorial tribute to Bill. He so loved the western Colorado rivers and landscapes. He spent his lifetime working diligently to expose as many young people to outdoor recreation as he could, creating pathways – physical, programmatic and spiritual -- to fully enjoy and appreciate the outdoors.

Outdoor enthusiast Bill Ela climbing his last 14-er, Mt. Sherman. Bill enjoyed hiking and skiing well into his 80s.

Ways to Give

- **CASH** – is the simplest way to give and always welcome, and provides immediate benefits to the donor.
- **STOCK AND SECURITIES** – can be donated via a stock transfer directly to our investment account. Appreciated securities may have a double tax advantage; the donor receives an annual charitable tax deduction and avoids capital gains taxes.
- **RETIREMENT ACCOUNTS** – donors who are 70½ can take advantage of the IRA charitable rollover, or designate WCCF as the beneficiary of their retirement accounts at end of life.
- **REAL ESTATE** – and other property can be donated to our Community Foundation.
- **LIFE INSURANCE** – a donor can name WCCF as beneficiary of an existing policy that is no longer needed, or consider purchasing a life insurance policy naming WCCF as irrevocable beneficiary.
- **CHARITABLE GIFT ANNUITY/CHARITABLE REMAINDER TRUST** – allows the donor to receive considerable tax deductions and an income for life. When the donor passes away, the remainder transfers to WCCF for charitable use specified by the donor.

Going Mobile with Summer Meals

Expanding the Lunch Lizard food truck program

The summer of 2016 saw a major expansion of our pilot mobile meals program. Working with our partners at D51 Food and Nutrition Services and other donors, we helped purchase a second used food truck and added a route in Clifton. The Lunch Lizard trucks provided almost 16,000 meals over a nine-week period to children in low-income neighborhoods, quadrupling the number of meals served during the summer of 2015. Plans are underway for further expansion into Palisade in the coming year.

In addition to our efforts to feed hungry kids in Mesa County, our Community Foundation supported summer food programs in Fruita, Rifle, Eagle County and Delta.

Feeding hungry kids... one neighborhood at a time.

New Home Base for Kids Aid

Warehouse provides room to grow

The Kids Aid Backpack Program has been growing steadily for almost a decade. They started in one school, providing weekend food provisions in backpacks to 40 students. Over the next eight years they expanded to serving 2,200 students a week through all schools in District 51.

Kids Aid moved into their new warehouse in June.

Realizing a need to secure their own home for expanding operations, the board undertook a \$300,000 capital campaign to purchase a warehouse. Our Community Foundation jumpstarted the campaign with \$90,000 from three donor-advised funds.

After a successful campaign, Kids Aid purchased their new warehouse. The space provides ample room to move ahead with ambitious goals to double the number of hungry kids they serve in the next three to five years.

Our Community Foundation can research areas of interest to our donors and identify specific grant opportunities for their consideration.

New Partnership with Delta-Montrose Tech College

Expanding career and technical education opportunities

The US Department of Labor estimates that 60% of all jobs generated in the coming decade will require an occupational certificate, not a college degree.

Delta-Montrose Technical College (DMTC) is growing and providing more offerings for students. Last year, our regional community foundation entered into a special partnership with the tech college which serves six counties in western Colorado. We now manage their endowed scholarship funds, including the

Horizon Scholarship supporting students in the Licensed Nurse Practitioner program, and the Ronald N. Nelson Jr. Scholarship and Roger Coursey Scholarship for students in the Criminal Justice program.

Both of these criminal justice scholarships are memorial funds. Mr. Coursey was an instructor at DMTC's Law Enforcement Academy and lost his life in the line of duty in 1994. Ron Nelson's parents established a scholarship in his name after he passed away.

Isabella H. is one of many 2016 graduating seniors who received a scholarship from our regional foundation.

DMTC's Law Enforcement Academy prepares students for careers in criminal justice and law enforcement.

In 2016, our Community Foundation awarded over \$780,000 in scholarships from 42 different funds to 110 students. We also manage endowed scholarships for Colorado Northwestern Community College and Delta-Montrose Technical College.

Mind Springs Health is undertaking a major capital campaign to expand the number of psych beds available here in western Colorado.

Building Sanctuary, Rebuilding Lives

Increasing psych beds for those in crisis

The only psychiatric hospital within a 100-mile radius, West Springs Hospital experiences an overwhelming need for beds on a daily basis. People in crisis, experiencing mental breakdowns or thoughts of suicide, need a safe haven and professional care.

In western Colorado, the ratio of psych beds to the general population is 6 per 100,000. The Colorado State average is 10 beds per 100,000, and the national average is 14 beds per 100,000 population. Clients needing services may wait in detention or unsafe homes until a spot is available, or else need to travel to Denver or Salt Lake City for services. An expanded facility will allow more people to get the treatment they need right here in western Colorado.

Partners in Integrated Care

Montrose offers new health care model

More and more these days, community health care clinics are expanding to offer not just physical check-ups but eye exams, dental care and behavioral health services. The former Community Dental Clinic in Montrose is moving ahead with plans to build a state-of-the-art facility to embrace this integrated care model. The new PIC Place, opening in June 2017, will be at least three times larger than the current facility and able to handle a corresponding increase in annual patient visits. Several grants from our donor-advised funds provided \$80,000 for their capital campaign.

New Partners in Integrated Care (PIC) Place will more than triple the number of patient visits provided annually in their new facility.

In 2016, the Ouray County Performing Arts Guild initiated the **Dave and Mary Wood Classical Concert Series** to honor long-time donors who loved orchestral music and championed the arts in Ouray and across western Colorado. Both Dave and Mary Wood had a fondness for opera and all forms of music.

Unrestricted funds provide greater flexibility and allow our Community Foundation to respond to unmet needs in our communities, now and in the future.

Small Grants for Arts and Culture Organizations

Stepping in so the show can go on

In 2016, local government funding for arts and culture organizations in Mesa County was cut from the budget, leaving a number of small groups struggling for general support. Our board decided to dedicate a portion of its discretionary funds to help these organizations. Many arts groups are all volunteer and provide an outlet for community members who are musically or theatrically inclined to share their gifts with the community. A total of \$14,000 was distributed to eight organizations.

Grand Junction Senior Theatre
Grand Junction Symphony
High Desert Opera
KAFM Community Radio
Messiah Choral Society

Super Rad Art Jam
Talking Rhythms
*Western Colorado Center
 for the Arts*

Drama abounds for members of the Grand Junction Senior Theatre Company.

Local leaders in Ouray County are excited to build their own community fund and distribute grants annually.

Ouray County Community Fund Established Give where you live

A group of Ouray County leaders came together in 2016 to establish a permanent endowment to provide grant funds to nonprofit organizations in their community. With support from our staff, they were able to raise almost \$80,000 in one year for the endowment and distribute \$15,000 through a competitive grants process.

Notes Mick Graff, founding co-chairman of the OCCF, “the establishment of this fund provides a vehicle for people in our community, like me and my wife, to leave some of our assets in our estates to benefit the community we live in. We love that our community fund has a local steering committee with community leaders who help raise money and determine what grants to make each year. We leave the responsibilities of investment management and grants administration to WCCF which specializes in this.”

Our Community Foundation manages several endowed geographic funds benefiting particular communities in western Colorado and partners with a number of affiliates working in local communities.

Our Geographic Funds, Affiliates and Partners

A donation to a community fund allows you to support a range of nonprofit organizations that enhance the place you call home.

Legacy Gift to Help Kids in Need and Promote Animal Welfare

Man without heirs leaves generous charitable legacy

In 2016 we received an unexpected phone call from one of the attorneys we work with on a regular basis. One of his clients had passed away, leaving his entire estate to our Community Foundation. The anonymous donor had no living family and WCCF was involved in settling the estate. This donor had a number of unique assets, all of which required time and expertise to appraise and sell.

The new charitable legacy fund being set up with proceeds from the estate will support the donor's favorite animal welfare organizations and a field-of-interest fund to help kids in need. This donor was a quiet and private man who did not want recognition. His generosity allows our regional Community Foundation to identify current and emerging needs for economically disadvantaged children and provide funding to support basic needs, health care and education. Funding will begin in 2018.
