Do you know a **SUPER SIBLING**?

Are you:

- Scared that the busy schedule your special needs child has doesn't leave enough time or energy for others?
- Ever worry your neurotypical child isn't getting the support they deserve?
- Are you concerned that they are feeling lonely about their experience?
- Would your children benefit from spending time with peers who understand what it is like to be a sibling to someone with unique abilities?

If any of these questions resonated with you...then you have a Super Sibling at home. Our strength based, solution-oriented support group is for *your* family!

Come join us in our novel treatment setting with the opportunity to be outside and near horses!

SIBLINGS SUPPORT GROUP

**TUESDAYS
5:30 – 6:30 PM**

**COST:
\$50**

About Healing Hooves Psychotherapy

WHAT WE DO AND HOW WE DO IT

We offer Equine Assisted Psychotherapy (EAP), an experience-based psychotherapy treatment provided on its own or in conjunction with existing treatment.

We offer Equine Assisted Learning (EAL), a learning approach using experience-based interactions for development of educational, personal and professional life skills.

Understanding how our responses shape interpersonal interactions is the foundation for healthy relationships. Personal and professional success depends upon our ability to respond effectively to the needs and desires of our fellow family members, friends, colleagues and self. Horses provide instant feedback, positive reinforcement, acceptance, and companionship. Working with our horses and staff offers the opportunity to try out new skills and ways of being with a social partner who provides acceptance and non-judgmental feedback.

WHO WE ARE

We are a Professional Association for Therapeutic Horsemanship (PATH) International Center who have been helping local families, individuals, teams and groups since 2002. We are experts in relationships and specialize in emotional and behavioral goals. Our entire staff is PATH Certified and clinical providers are dually qualified as Licensed Marriage and Family Therapists. The horses are specifically selected and trained to provide a safe and positive experience. Our four-legged staff includes Hank, Goldie, Mariah, Jenny, Harley and Fiona.

WHEN WE WORK

Healing Hooves is open 6 days a week, Monday through Saturday. To ensure privacy and confidentiality, our facility is client directed and by appointment only. You are welcome to schedule a free meet-and-greet session if you are interested to come and visit our barn.

WHO WE SERVE

Horse centered therapy and learning for individuals, couples, and families. Ages 3-103 years old.

WHY OUR PROGRAMS MATTER

We all make mistakes, or get off track. Our programs are designed to help people try something new and look for moments that can teach us how to recover from difficulty with confidence. Horses are naturally able to fluctuate between states of arousal and calm. During your work with our herd, you will discover more useful ways to respond to stress and gain the tools needed to live a more balanced life, even outside the paddock.
