June 26, 2018

To the CARTA Family:

### **Ref: Notice of Imminent Departure of Peter Ngure, CARTA Program Manager**

Peter Ngure has announced his resignation as the Program Manager for the Consortium for Advanced Research Training in Africa (CARTA), effective June 1, 2018.

Peter has spent 3 productive years in CARTA as the Program Manager. The Center will always appreciate the steady hand he has brought to CARTA, working in close collaboration with both our northern partners and Africa-based partner institutions. It is his commitment and engagement that has made the program what it is today. We will all miss Peter's knowledge, exuberance and voice of reason, and the fellows will miss the support that he has offered in many different ways, sometimes being a listening ear to their challenges beyond what one would expect of someone in his position.

Peter has helped build up a team that will support the fellows, partners and each other even in his absence. Going forward, the CARTA programme will continue to be managed in strong partnership between Wits and APHRC, with the network of institutional focal points providing counsel, guidance and support. We are confident that the programme will continue to deliver on its mission of developing a body of confident, able and African research leaders to drive Africa's development agenda for population health.

We wish him all the best in his future endeavors and hope that he will continue to be a great CARTA supporter and ambassador.

Signed,

Prof. Sharon Fonn,  
CARTA Co-Director

Dr. Joseph Gichuru  
Deputy Executive Director, APHRC
