Submitting Your Photos for the Copyright Alliance Website Home Page

The Copyright Alliance is pleased to be featuring and recognizing individual creators on our new website. As part of this effort, we are reaching out to the creator community to request photos of individual creators. With tens of thousands of views every month, the CA website is seen by lawmakers, academicians, researchers, fans and of course fellow creators.

We welcome your photo submissions!

Photo Guidelines & Specifications
To achieve the best presentation, photos should meet the following specifications.

✗ **What Won't Work**

Portraits

Photos in vertical aspect ratio

Also avoid photos that are:
- **Low Resolution**
- **Out of Focus**
- **Too Dark**
- **Too Light**

Photos should be:
- taken of you in your creative environment (for ex. at a computer, in your studio, with a camera, with an instrument, etc.) See examples.
- well-lit and in focus
- JPEG, TIFF or PNG format

Include the following information with your submission:

☑ Your name and creative occupation

☑ The number of copyrights you own, if known (note: it's not essential to be a copyright owner to submit photos – you just need to be a creator)

☑ A statement that you took the picture or otherwise own the copyright relating to the photo and are allowing us to post it on our website

Please send creator photos to:
CAWebsite@copyrightalliance.org and call **Eileen Bramlet at 571.228.1906** with any questions.
