

Kudos!

TRACY CARROLL

Over the past several months, Tracy Carroll has been working diligently to create and launch a new website for The Ruth Enlow Library of Garrett County. Despite a few setbacks, unforeseen complications, and constant interruptions, library staff and customers in Garrett County can now connect to their library 24/7 from any device. The website is built with responsive design so users will now see the same content from a PC or mobile device. REL Staff have more access to the content with the redesign and can update content faster and easier.

Tracy worked extremely hard on this project and the final result is not only attractive and modern looking, but also efficient and easy to navigate.

Great Job Tracy!

If you would like to nominate a staff member for the next issue, you can do so [here](#):
