KidsWork Children's Museum (KWCM) is Will County's first and only children's museum, pioneering the way for cultural & educational opportunities for families. Located in historic downtown Frankfort, our museum hosts over 34,000 visitors annually, serving the southwest suburbs. Our museum has a wide variety of wonderful exhibits throughout our 6,700 sq. feet of space. Our mission is to serve as a cultural institution that brings children, families, and the community together to engage in fun, hands-on interactive play and to nurture life-long learning and discovery.
