

Hospice East Bay is proud to be celebrating our 40th year as a pioneer hospice serving our community. We have come a long way over the past 40 years and have cared for more than 28,000 patients and their families during that time.

Our Tree of Lights ceremonies have provided a way for families and friends to honor their loved ones. People who attend a ceremony find solace in the symbolism of an illuminated light as the names of their loved ones are read. These ceremonies help us raise the funds necessary to provide our high level of care to everyone who needs it.

I wish to particularly thank the many community groups that make these events very special and unique. I hope that you will have the opportunity to attend a tree lighting and gather with others to remember or honor a special person.

—Cindy Hatton, President & CEO
