

As-Salam-u-Alaikum and Ramadhan Mubarak,

## Umoja Games 2018

We, at Umoja Outreach Foundation, are an organization that use soccer and beyond to bring unity and brotherhood to communities all over North America. In the coming months, we are hosting our annual soccer tournament in Detroit, MI and we would like to invite your community to participate in and observe this family event that is attended by so many. Included are posters that, under your leaderships' discretion, we would like to have displayed on a message board at your center. We would also request you to download the poster image on our main site [www.umojaoutreach.org/games](http://www.umojaoutreach.org/games) (under Posters of Upcoming Events) and send in your electronic communications to the community especially during the month of Ramadan. We defer to your guidance and look forward to hearing on how we can better involve your members, both active and passive. We are growing and would love for your community to grow with us.

We would like to thank you in advance for this opportunity to engage your community. Our main goal is unity and building relationships. We sincerely look forward to your partnership, guidance and participation. Please visit our website at [www.umojaoutreach.org](http://www.umojaoutreach.org) and feel free to contact us with any questions or concerns. Our direct number is 888-665-2498 and we can also be reached at [games@umojaoutreach.org](mailto:games@umojaoutreach.org).

Sincerely,

Umoja Outreach Foundation
