

# University of California San Diego

August 28, 2016

To all CalGeo member firms and affiliates:

I am writing you concerning a sponsorship opportunity with the CalGeo at UCSD. We believe that your company has in its mission a desire to support education. We are a relatively new student chapter of the California Geotechnical Engineering Association (CalGeo) whose members are specializing in Geotechnical Engineering either at the BS, MS and PhD levels. Our objectives are to enrich the educational and professional development experiences of geotechnical engineering students (both undergraduate and graduate) during their time at the University of California San Diego, to increase awareness of the geotechnical profession and expand members' knowledge of important issues through seminars given by student researchers and guest speakers, and to create an environment that promotes learning of geotechnical engineering in a way that is exciting to students. Your support will help students present their research in both academic platforms in local research seminars, professional platforms at conferences, and ASCE national student competitions such as GeoWall, GeoChallenge, and GeoPrediction. It will also be used to support refreshments at monthly research seminars at UCSD which will be given both by students and by engineers from sponsoring organizations. These events will provide a great opportunity to meet geotechnical students from UCSD in person.

**\$500 - Bronze Membership:**

- Access to monthly meetings with undergraduate/graduate students
- Invitation to all guest speaker for monthly seminar series
- Company logo, website link, and description of specialties added to a dedicated portion of the website. Also company logo will appear at GeoWall Box and the company will be acknowledged at every presentation.

**\$1,000 - Silver Membership:**

- All above + T-shirts with the company logo

**\$1,500 - Gold Membership:**

- All above + A Thank You plaque

# University of California San Diego

If you would like to be a sponsor our CalGeo student chapter, please send a check made out to "CalGeo at UCSD" and mail it to the address below.

Should you have any questions please contact to Tugce Baser via email ([tbaser@ucsd.edu](mailto:tbaser@ucsd.edu)). Your support is greatly appreciated and we are looking forward to hearing from you!
