

# GREEN JOBS TRAINING PROGRAM

## Paid jobs training and internships available!

Tualatin Riverkeepers, Centro Cultural and Muslim Educational Trust would like to announce an exciting new jobs training opportunity for our community. In January of 2019 we will launch an introductory training for jobs in environmental careers.

### Job Trainings

Trainings will be structured around a group of 20 students competitively chosen from community consultations facilitated by Centro Cultural and Muslim Educational Trust. Trainings will give students knowledge of diverse job skills needed for a career in the environmental field while also giving them exposure to experts from the field.

### Program

Half-day workshops will be held one Saturday per month from January-August. The workshops will be in the field and provide hands-on experience and real-world experience. There will be classroom sessions prior to the workshops to introduce topics and information related to the upcoming workshop. Classroom sessions will be held on a weeknight from 6-8pm. The selected 20 students will be paid \$12/hour for classroom time, workshop time, and an 160 hour internship intended to apply skills learned from the program with employers within the region. Transportation stipends for buses to trainings and internship will also be provided.

### Qualifications

The training program is open to anyone above 16 years old.

The program is particularly suitable for those with an interest in science, engineering, agriculture, nurseries, landscape architecture and botany. Participants are required to attend all classroom sessions and field workshops, if a participant misses more than 3 they may be unable to qualify for an internship.

**To apply please complete and submit an application (online or in person)**

Applications can be found at:

1. Centro Cultural Prosperidad
2. Tualatin Riverkeepers
3. Muslim Educational Trust

**CENTRO CULTURAL**  
*de Washington County*

**Metro**
