After exploring the Ras Al Khaimah tourist places at leisure, just make your way to Marjan island in the touristic heart of the area. After a short briefing you're ready to depart. Except a seaplane doesn't take off from land like most aircraft. Your seaplane gracefully ascends from the waters around Marjan Island, slowly taking you above the city.

The result is a stunning Par 72 Championship Golf course measuring 7,325 yards at full length designed with five varying tee options on each hole.
