Director Rene McCracken will take you through the steps of dehydrating. You will get to take home some yummy treats. **Cost: \$5.00***

"Alice" – A Proactive Response to a Man Made Threat or Alert, Lockdown, Inform, Counter, Evacuate Health and Safety Consultant for Region VIII ESC, Lee Gill, will introduce how ALICE teaches you to prepare to handle the threat of an Active Shooter, participate in your own survival, while leading others to safety. Though no one can guarantee success in this type of situation, this new set of skills will greatly increase the odds of survival should anyone face this form of disaster. Chaos, panic and fear can only be minimized – never eliminated – when preceded by preparation and training.
