

## MOBILE CRANE/BOOM TRUCK CERTIFICATION

December 11 - 14, 2018  
Location: Comfort Inn Dover, 10 Willand Pond  
Road, Dover, NH

Includes three-day operator test preparation class,  
and written and practical exams through the NCCER  
Registration fee: \$1650 non-members, \$1500 members

### Training Objectives

- How to use and operate mobile cranes safely in accordance with OSHA and industry standards, including:
  - Crane set-up
  - Load dynamics
  - Lift planning
  - Load charts

(This training is classroom only, and it is assumed that you have some practical experience operating a crane. If you have never operated a crane before, or have very limited experience, practical training can be arranged on an hourly basis at additional cost)

- Recognize and avoid unsafe conditions associated with the operation of mobile cranes and movement of loads.
- Reduce employer liability exposure through OSHA-required training and certification

### Schedule (all classes begin at 8:00 am)

- Tuesday: General knowledge concepts
- Wednesday: Load charts
- Thursday: OSHA/ASME standards, signaling and rigging, and practice tests
- Friday: NCCER written and practical exams

### Price includes:

Registration fee includes preparation class, all books and materials, testing fees, one written exam re-take if needed (but *not* a practical exam re-take), and crane rental for the practical exam if you need it. It is also an option for you to bring your own crane to test in.
