[www.abcnhvt.org](http://www.abcnhvt.org) for click [here](#)

For questions or to learn about custom programs:

Call or email Jennifer Landon:

603-226-4789 | [jennifer@abcnhvt.org](mailto:jennifer@abcnhvt.org)

This is a **required course** in our Construction Superintendent Certificate program (Super Cert). Super Cert courses are offered independent of one another, therefore **registration for this class is open to all** (see reverse for more details).

**Who Should Attend** - Individuals from field foremen, superintendents, subcontractors, general contractors, and anyone new to the industry. It is also beneficial for those wanting to broaden their general understanding of the industry.

*Concord programs are held at the ABC Education Center. See reverse for directions.  
Confirmations will be sent within one week prior to the program start date.*

## PLANNING AND SCHEDULING FOR GENERAL CONTRACTORS AND SUB CONTRACTORS

### COURSE TOPICS:

This 17.5 hour class introduces the stages of planning and how to implement a plan. Discussions include incorporating coordination with other contractors, materials, equipment, tools, and labor in the planning process.

- Describe the link between planning and scheduling.
- Describe how the planning process is carried out.
- Write a goal statement and an objective.
- Create a step-by-step list of the tasks that will complete a project.
- Describe the various resources that need to be considered when planning a job.
- Assign resources to each activity in a list.
- Explain how to conduct a job analysis.
- Develop a bar chart.
- Explain the purpose of network diagrams.
- List the benefits of short-interval schedules

This course uses **NCCER Curriculum** - nationally recognized instruction materials for the construction industry.

Learn more at [www.nccer.org](http://www.nccer.org)

**Instructor:** David Webb, Safety & Training Director - American Steel & Precast Erectors

Dave has worked as an iron worker for over 30 years. He is also an adjunct instructor with the OSHA Training Institute Education Center in Manchester, NH.

## PLANNING & SCHEDULING FOR GENERAL CONTRACTORS AND SUB CONTRACTORS

### “SUPER CERT”: CERTIFICATE OF PROFESSIONAL ACHIEVEMENT in CONSTRUCTION SUPERVISION

Our certificate program required courses are aligned with the NCCER (National Center for Construction Education and Research) Project Supervision curriculum. This nationally recognized course includes testing to validate learning and assure that the basic concepts and skills have been learned by the student. The elective classes were developed by construction industry professionals to provide more in-depth knowledge on specific topics. Each course is valuable for the knowledge and information gained. See individual course registrations for details. Individuals who complete all the course requirements will be awarded a Certificate of Achievement in Construction Supervision. NCCER certification will be provided for the required courses.
