U.S. News & World Report Names Dignity Health-St. Rose Dominican's Siena Campus Among Best in Southern Nevada

Henderson, Nev. – September 19, 2016 – Dignity Health-St. Rose Dominican's Siena campus has been recognized as one of the best regional hospitals by U.S. News & World Report. The Siena Campus received the Best Regional Hospitals ranking for 2016-17 for southern Nevada, the only hospital in the Las Vegas valley to receive the award. This is the first time Siena has received the award. The award was based on receiving high-performing hospital designations for four indicators: COPD (Chronic Obstructive Pulmonary Disease), heart failure, hip replacement and knee replacement.

Other high-performing designations received by Dignity Health-St. Rose Dominican facilities are:

- Rose de Lima Campus – COPD;
- San Martín Campus – COPD and heart failure.

The U.S. News [Best Hospitals](#) rankings, now in their 27th year, help guide patients to hospitals that deliver outstanding care across 25 specialties, procedures and conditions. The Best Hospitals methodologies include objective measures such as patient survival, the number of times a given procedure is performed, infection rates, adequacy of nurse staffing and more.

For 2016-17, 1,628 hospitals received a high performing rating in one or more specialties, procedures or conditions. In rankings by state and metro areas, such as Las Vegas, U.S. News also recognized hospitals that were high-performing across multiple areas of care with the Best Regional Hospitals designation. In 2016-17, 505 hospitals were recognized as Best Regional Hospitals.

“We applaud the efforts of our medical staff and employees,” said Brian Brannman, senior vice president of operations, Dignity Health Nevada. “They work in partnership with our patients, visitors and community, to consistently and constantly improve the safety and quality of the care we provide. St. Rose is proud of this recognition.”

“U.S. News evaluates nearly 5,000 hospitals nationwide,” said Ben Harder, chief of health analysis at U.S. News. “A hospital that emerged from our analysis as one of the best has much to be proud of.”

Best Hospitals was produced by U.S. News with RTI International, a leading research organization based in Research Triangle Park, N.C. The rankings will be published in the U.S. News “Best Hospitals 2017” guidebook, available for pre-sale August 1. About Dignity Health-St. Rose Dominican

As the community's only not-for-profit, religiously sponsored health system, Dignity Health-St. Rose Dominican has been guided by the vision and core values of the Adrian Dominican Sisters for more than 65 years. As the Henderson and Las Vegas communities grow, the three St. Rose Dominican hospitals (the Rose de Lima, Siena and San Martín Campuses) and more than 3,400 employees will continue the Sisters' mission of serving people in need. St. Rose Dominican is a member of the 21-state Dignity Health network of nearly 11,000 physicians, 56,000 employees, and more than 300 care centers, including hospitals, urgent and occupational care, imaging centers, home health, and primary care clinics. For more information, visit our website at strosehospitals.org or follow us on [Facebook](#), [Twitter](#), [YouTube](#) or our [Blog](#). St. Rose is hiring!
