FOR IMMEDIATE RELEASE

Burke Construction Group, Inc. Announces the Promotion of Thad Lawrence to Vice President of Preconstruction Services

Burke Construction Group is pleased to announce the recent promotion of Thad Lawrence to Vice President of Preconstruction Services.

Since joining Burke in 2008, Thad distinguished himself early-on. During his tenure, he worked in the capacity of Project Manager and joined the Estimating and Preconstruction team, where he combined his years of experience in Operations. Since that time, he was promoted to a Senior Estimator and Director of Preconstruction Services, where his leadership has been instrumental in delivering numerous successful projects, and, in particular, directing our Federal Projects with our Strategic Partners and the Pirch National Store Roll-out - as both a Development Manager as well as the Project Executive.

A LEED® Accredited Professional and certified U.S. Army Corps of Engineers Construction Quality Management specialist, Thad is also a member of National Association for Industrial and Office Parks (NAIOP) Southern Nevada Chapter and remains active within the industry - attending Nevada Contractors Association (NCA) and Associated Builders and Contractors (ABC) events throughout the year.

Thad, along with Vice President of Estimating, Dimitri Mihaloliakos, will continue to lead the Estimating and Preconstruction Services efforts - committed to driving continued success.

"Thad's energy is infectious and as such we look forward to his continued leadership to grow and guide our Preconstruction Services," said President & CEO, Kevin Burke.

###
