

# WINTER ARCHERY

## Eastern Civic Center

If you've ever imagined yourself as Legolas from Lord of the Rings, Katniss Everdeen from Hunger Games, or even Robin Hood, now is your chance to try archery. You don't have to be fast, strong, tall, or have great hand-eye coordination to excel at archery. As long as you can pull back a bowstring, you can enjoy archery now and for the rest of your life.

Coach Craig Lanzoni will be leading the fun, and guiding you through the fundamentals of target and competitive archery. A level 3 USA Archery Coach, Craig has worked with over 2,000 students in a variety of settings, and now invites you to learn and enjoy the life-long sport of archery.
