

As you may have heard and read, the proponents of the North Jersey casinos announced yesterday that they are suspending their media campaign. They cited poor polling and a lack of details relating to the effort. While we view this as positive, we will remain vigilant in our quest to defeat the ballot question seeking to expand gaming to North Jersey. **It is imperative that we continue our pledge to vote NO on question No. 1 and share our opposition with our friends, family, employees, clients and customers.** Below is the statement we issued yesterday:

*"Although Our Turn NJ signaled they will suspend their media campaign, we will continue to fight any and all efforts to siphon dollars and jobs out of South Jersey. Messrs. Gural and Fireman have underestimated the voters who understand that their claims are overblown and that no amount of tax dollars coming back to Atlantic City will offset the devastation two new casinos in North Jersey will cause South Jersey."*

As always, thank you for your continued support! Don't hesitate to contact me should you have any questions!
