

UAB Project Name No. 160294AP

Central Plant #3 Cooling Tower Replacement

Thank you for your interest in this Project at the University of Alabama at Birmingham. Please read this entire document for information on how to obtain plans and specifications and prequalify for this project.

PROJECT SCOPE :

Replacement of Cooling Tower #1 at Central Utilities Plant #3, a 4000 ton existing site-built tower to be replaced with two 2-cell factory built units of similar build to remaining towers. Re-connect all existing condenser, make-up, and drain piping. Modify structural components to support new towers and provide gantry access to new fan motors.

WHO IS REQUIRED TO PREQUALIFY FOR THIS PROJECT?

The following are required to prequalify prior to submitting bids or working on this project:

Mechanical Contractors
