

TEACHER TUTORS

Does your child need extra help or enrichment this summer
in reading, writing, math, or study skills?

Our popular "Teacher Tutors" summer program
is very successful in helping students review and prepare
for the next grade.

Guardian Angels teachers are available for tutoring this summer. Participating teachers are listed on the back of this flyer. You may call or email the teacher to set up individual sessions for your child in any subject. The sessions are usually **one hour long** and each teacher sets his/her own cost & place for the **1 on 1** tutoring session. Scheduling is flexible for vacations and family plans! If your child needs tutoring all summer, a few weeks or just the month before school begins, it's available!
