INTRODUCTION

The following rules, regulations and appendixes are required to be followed and complied with by all Board of Director (BOD) members, staff, coaches, parents, players, league officials and anyone representing or participating in any league activity.

NMYAFL OBJECTIVES

The objectives and purposes, for which this New Mexico Young America Football League (NMYAFL) is formed, are as follows:

- To engage in teaching and encouraging participation in the sport of American football and cheerleading.
- To assist in combating juvenile delinquency by promoting the physical and emotional well-being of young people by interesting them in participating in the sport of American football and cheerleading.
- To further SPORTSMANSHIP and the importance of physical activity in their lives.
- To organize and manage competitive games and exhibits.

Every effort is to be made to apply pressure to every player to perform and excel in their respective classroom. While playing time restrictions with parents' written consent may be acceptable, each player, parent and coach should be working towards the goal of hard work and discipline of the child in the classroom. Education of our children is a priority, and once the player reaches NMAA participation levels, it is a rule that minimum academic performance be realized. Let's assist in developing good habits, and positively affect these great young minds as well.

ARTICLE I: ORGANIZATION

Section 1. The League

The League is the basic unit of organization and is the highest authority. A league is the instrument through which team memberships are chartered by NMYAFL Headquarters. A league when applying for a charter must prepare and submit to NMYAFL Headquarters a map of the area in which the league operates and upon which the boundaries of the league have been drawn. When incorporating, a league must prepare and submit to NMYAFL a constitution and by-laws consistent with all rules, regulations and policies of NMYAFL. A league is comprised of lower echelons.

Section 2. Divisions

NMYAFL is divided into eight distinct divisions, Midget, Mighty Mite, Pee Wee, Rookie, Freshman, Sophomore, Junior, and Varsity/Senior.

Section 3. Districts

All players should be assigned to a team in the division, in the high school district in which the player resides at the time of registration or January 1 of the current year, whichever is later. Players that did not participate in NMYAFL the previous fall season may be assigned to the team of their choice subject to availability.

Returning fall football players may choose to change teams under the following guidelines:

- The team registration process must be complete.
- Player must be registered for the current fall season before the request to move will be accepted
- Out of District Transfer Request forms must be completed and submitted at the NMYAFL Office.
- The requested team must have space to allow your transfer.
- Must be moving from and to an existing team from the prior season with a minimum number of players as determined by the BOD
- Players can request to move from an existing team to newly formed team where the district did not have an established team as long as they reside in that District and register during open registration. They will be counted towards the minimum number of players as determined by the BOD to form that team.
- Transfer requests will be considered until the close of business on April 30th
- A request is not a guarantee
- Request must be approved before the move will be made.

Section 4. Teams

- a. Teams shall be assigned to districts in accordance with guidance established by the BOD.
- b. All NMYAFL districts shall be identical to the established high school districts. As such, all teams in a district shall have the same name and colors as the high school district. In the event two or more teams are established in a single high school district, the Executive Director (ED) shall designate the name and colors of each additional team.
- c. Each team shall have at least one of the following Team Mother/Team Father, Team Coordinator/Manager and any other representative required by the League. The names of these people will be provided to the League by completing the online contact form and must submit to and pass the league background check. Additionally, these persons must be issued a badge by the NMYAFL office.
- d. All teams are required to have at least one parent meeting with the Head Coach and assistants before the first practice. The Head Coach is required to discuss all NMYAFL rules and policies included in the League Rules at the parents meeting. The Head Coach shall also distribute the League Rules and Regulations and any other policy handout, as may be determined by NMYAFL, at the first parents meeting.
- e. The Head Coach is required to develop, distribute and obtain a signed Team/Parent Contract that outlines the team rules and expectation that the Parents, Coaches and Players are required to follow.
- e. All teams shall have a minimum of 16 and a maximum of 23 players.
- g. A Coach can request to have up to 26 players if their team roster had 26 players in the previous year.
- h. A team may be expanded at the league's discretion.

- i. If a team in any division does not have the minimum number of players required to form a team, then the League, at its sole discretion on a day or various days designated as Team Consolidation Day, may distribute the players registered in said district to other teams in other districts within the same division.
- j. Team Consolidation Day shall be determined solely by the President or his designee.
- k. If a team in any division has more than 23 players, those players added to the roster after 23 may be used to create an expansion team in that division. This is at the sole discretion of the League. The League will make every attempt to keep a player in his neighborhood, residential area and high school district; however the League cannot guarantee this.

ARTICLE II: REGISTRATION REQUIREMENTS

Section 1. Registration and Team Rosters

A player shall not be eligible to play in a regular season game until he/she has completed the registration requirements.

Registration consists of the following:

- a. Valid proof of age/Birth Certificate and a valid proof of current residency.
- b. Full payment of registration fee or satisfactory payment as approved by the League.
- c. Completed required weigh-in.
- d. Release signed by parent/guardian and player.
- e. The BOD shall establish registration dates.
- f. The League makes all decisions regarding player assignments to teams.
- g. Any registration collected by any coach shall be submitted to the league as soon as possible.

* NOTE * All cheerleading teams must be registered and affiliated with the Young America Cheerleaders. Non-approved youth cheerleading teams may not coordinate or perform at NMYAFL/YAC practice's, events or games.

ARTICLE III: PLAYERS

Section 1. Eligibility

In order to be certified on a team roster, a player shall qualify as a candidate under these eligibility requirements. No player shall play in a regular season game until he/she has been properly certified.

- a. Parental Consent. A player shall furnish a written release and statement of consent from his/her parents or legal guardian (online submission by the parent/guardian on the Registration Form fulfills this requirement).
- b. Age Requirements. A player shall be eligible for any Division in which he/she can qualify. A player's eligibility by division shall be determined by the age of the player on August 31st.
- c. A player shall have attained a minimum age as specified in Appendix A.
- d. A player who attained the age of fifteen on or before August 31st of the current calendar year and/or is in the 9th grade or higher will not be eligible to participate with NMYAFL. Players will not be allowed to play in their previous year's division unless the leagues wavier protocol is followed.
- e. Weight Requirements.

Fall tackle players must weigh-in during one of the published designated regularly scheduled equipment issue dates. The official weight will be the weight recorded by the League at equipment issue, or other time as the league may determine (BOD). An appointed League member will conduct all weigh-ins. Coaches will not be allowed to weigh in players assigned to their team. Players will be moved up or down a division if their weight is within the weights listed in the NMYAFL Age/Weight Divisions Chart (see Appendix B).

Players who fail to weigh-in during one of the published regularly scheduled equipment issue dates or at the final make-up date will lose their registration number and will have a new registration number issued once they are weighed in by the league. This could affect their team placement.

If any player has a specified mandated circumstance in relation to the leagues pre-selected weigh in and make up date(s) that will prohibit them from weighing in during the specified time frame, the player/parent may contact the league president or executive director to determine the final outcome.

f. **Residency Requirements.**

Players should be assigned to a team in the high school district in which the player resides at the time of registration.

Players who did not participate in the previous fall season have the option to register for a team in any high school district for their division (age group).

Exception: those players meeting Article I section 3. Should a registered player provide proof (prior to start of season) or change of address in accordance with applicable school district rules, the child may be moved to new team, as allowed by the League taking into consideration registration date, registration number, verification of address change as per the Albuquerque Public School guidelines on transfers.

a. All players shall provide the League with proof of their correct place of residency in order to satisfy the above requirement.

g. **Waive Up.**

A player may waive up into a higher age division. The Head Coach of the team receiving the waived player, the parents of the waived player and the league must all approve the waived player in writing. Players who do not meet the minimum weight requirement may be waived up ONLY with written permission by head coach, parent or guardian of child and the League. Failure by head coach to allow child to play up cannot be appealed by parent. All fourteen year old players must play in the Varsity/Senior Division regardless of weight unless otherwise placed by a Player Agent.

h. **Waive Down.**

A player who is moved up due to weight or any player who may not possess the needed athletic ability may later be evaluated down upon request and evaluation by an appointed league official. Players are evaluated no sooner than the second day in pads. A representative appointed by the President will be assigned to evaluate the player in question. Request for evaluation shall be either in writing, email, or facsimile and proof that the parent/guardian has been notified of this request is required. Having an evaluation does not guarantee placement down, and several evaluations may be necessary to determine whether or not the player should be moved down. Evaluations that result in a waiver down are to be in writing and are good for current season only. Written documentation must be kept in league file, as well as head coach file, with evaluator's report. Challenges to any player waived down shall be handled by President of the league on a case by case basis with the decision reported to the BOD. There are no appeals in this matter.

Section 2. Retention of Eligibility

Once certified on a team roster, a registered player shall meet the following requirements in order to retain eligibility: Retain parental consent, maintain sound physical condition, and have properly completed a Player Registration Form, and consideration paid in full.

Protected Player Status. When a player is moved out of the district where the player lives for purposes of consolidation, that player is then considered to be a 'protected player' on that team. A 'protected player' during the following year then may choose to register onto the team he was consolidated onto, or he may delay registration until after the team registration period thereby forfeiting his protected player status. Once his protected player status is forfeit he may or may not be able to play on his previous season's team depending on space available but he does gain the opportunity to request an Out of District transfer in accordance with the guidelines in Article 1, Sect 3. This ability is based on their registration number which may or may not subject that player to further consolidation, as our league operates on a first come first serve basis.

Section 3. Player Agents and Enforcement

- a. The President of NMYAFL may appoint a Player Agent or other League Representative in order to determine player eligibility and enforce eligibility rules. The player agent or other authorized League Representative shall be responsible for registering and certifying players.
- b. The Player Agent or League Representative may receive and investigate all complaints. The Player Agent or League Representative shall refer complaints regarding coaches to the CSC and shall report all other complaints directly to the President.

- c. The player eligibility and participation in the League may be revoked by the assigned Player Agent and/or BOD if it is determined that a player has falsified information on the Player Registration Form or documents used to verify the information contained on the registration form.
- d. If the BOD determines after an investigation that the coach of the team in which an ineligible player participated, had prior knowledge of the player's ineligibility, then the BOD shall discipline said coach, up to and including suspension, or dismissal.
- e. If an ineligible player has participated in a game(s), the game(s) in which the ineligible player participated in may be forfeited at the discretion of the BOD taking into consideration the totality of circumstances.
- f. If a player's eligibility has been revoked, there shall be no refund of any fees, registration or otherwise.

Exception is when there is a tie; the game shall be as if it ended in the first half. At the discretion of the League said game will be played from the beginning and completed at earliest available time, notwithstanding the rules.

ARTICLE IX: CONDUCT AND GUIDANCE FOR NMYAFL COACHES

A coach is a representative of the League and has a special responsibility to parents and players associated with the League. As a representative of the League, a coach performs many functions, which include, but are not limited to, role model, instructor, advisor, mediator, and counselor. In all functions, a coach should be competent, honest, and understanding and should endeavor to attain the highest standards of honesty and good sportsmanship.

The relationship between coach and player in large part determines whether the League will be able to accomplish the established objectives. Coaches more than any other individuals make our program succeed or fail. The coach controls many, if not all, situations in which parents and/or players/participants may be benefited or harmed. A coach may be relieved or suspended of all coaching duties if a coach's actions are deemed detrimental to a player, team or the League.

The League is charged with the responsibility of obtaining head coaches for each team. The Head Coaches in turn select assistant coaches and assume responsibility for those coaches. The League is interested in protecting and promoting a youth's participation in the League. As a result of the foregoing, the League has established the Code of Conduct and Ethics for all NMYAFL coaches. It is mandatory to abide by Code of Conduct and Ethics, failure to do so may result in not being considered for a coaching assignment, whether head coach or assistant.

Section 1.

Head coaches, assistant coaches, team dads, team moms, representatives, parents, fans, and/or any other individual affiliated with NMYAFL are strictly prohibited from consuming any alcoholic beverages/products, illegal drugs, or tobacco products on any practice field or game field before, during or after practice sessions, and or games. This rule shall apply even where a city ordinance permits consumption of alcoholic beverages in city parks. Any person in violation of this rule is subject to suspension or any other disciplinary action deemed appropriate by the BOD.

Complaints of this nature are serious and will be investigated immediately, and any coach accused of any of these actions shall be temporarily suspended from coaching until an investigation can be conducted. Any accused coach must meet with the CSC in order to determine what disciplinary action, if any, shall be taken, up to and including suspension or any other disciplinary action deemed appropriate.

Section 3.

It is strictly prohibited for any person to directly or indirectly receive financial benefits, or compensation or offer to pay to anyone financial benefits or compensation for participation as a coach or player within the League. While sponsoring a player is allowed, using sponsorship to encourage a child to play out of district is not allowed, nor is, back stacking, ghost enrolling (registering a child knowing his/her intentions are they will not play, allowing the coach to pick up additional players or reducing his/her roster).

Section 4.

No person barred/suspended from NMYAFL shall be permitted to participate in NMYAFL activities. Any head coach that knowingly takes as an assistant, a person who has been barred/suspended from NMYAFL, and is found in violation of this rule is subject to removal as head coach.

Section 5.

One of the coach's functions is to teach proper respect for authority. Therefore, a coach must act with proper restraint in all of his/her actions toward the NMYAFL, its BOD, individuals and toward game officials. Any improper conduct by a coach towards any individual or game officials shall be cause for removal as a coach and may be subject to prosecution as New Mexico State Law allows. All head coaches are also responsible for the actions of their respective assistant coaches and parents of the players. They are also responsible for any and all misconduct by anyone on their sidelines before, during and/or after a game, including, but not limited to taunting, fighting and verbal abuse of officials. These actions could result in suspension of the head coach and ineligibility of the team for post-season play. The league will assist the Head Coach with contest sidelines

in the event fans are out of control. If they are awarded a team in the following season they may be required to serve a one game suspension for the previous year's championship ejection.

Section 6.

All complaints by players, parents/guardians, coaches and league officials **regarding misconduct or violation of the league rules by a coach** shall be presented in writing to the CSC. Abuse, neglect or unsafe practices, or violations of Section 1 & 2 **will be acted upon by league officials** immediately or as soon as reasonable for the protection of the child **with the complaint to be followed up in writing**. The CSC shall notify coaches, as soon as possible, of any written formal complaint filed against them. If a coach is charged with an offense that would cause possible removal, the coach will be notified of the nature of said complaint immediately **and followed up in writing**. Failure to respond to the CSC may result in **removal as a coach**. Complaints may require a coach to have a meeting with the CSC. This meeting will be held as soon as reasonable for both the coach and CSC or any member or representative thereof as stipulated by the CSC Chair. **All complaints against a coach must be submitted and filed in writing with the league office no later than December 1st of the current season for the complaint to be investigated and any action taken against a coach. All complaints will be acted upon by the league by December 31st of the Current season. The Football Selection Chairman has the discretion to review any complaints received and will determine if an investigation is required. If the Football Selection chairman determines that an investigation is required you will be required to interview for any future coaching position. The complainant needs to realize that the longer they wait to file a complaint the less likely the league can do a proper investigation.**

The Football Selection Chairman has the discretion to review any complaints received and may determine if an investigation is required.** All allowed appeals of final determinations by the NMYAFL BOD shall be submitted to binding arbitration in accordance with league regulations. Players, parents, guardians, or any one participating in any fashion with NMYAFL knowingly consents to waiving any rights to avail them to the civil court system and accepts as the sole remedy for dispute resolution binding arbitration in accordance with applicable NMYAFL regulations.

Section 7.

All teams will be represented at the monthly meeting of the Coaches Council. It is the Head Coach's responsibility to make certain that a representative from the coach's assigned team is in attendance at the Coaches Council meeting. The President of the Coaches council has discretion in matters of attendance.

Section 8.

A Head Coach will report in writing to the League Office/Executive Director when a player quits or is injured due to a related league activity. It is the opinion of the League that if more than 10% of any team's members quit or are injured during the season; the Head Coach may be called upon by the CSC to give an explanation of the causes of such occurrences. In the event of injuries, any time a player is removed by medical personnel a report will be made to NMYAFL with diligence and timeliness.

Section 9.

All rulings by the CSC are subject to appeal to the NMYAFL BOD (the appeal process is defined in Article III, Section 10, below). The President of the NMYAFL will decide whether to hear such appeals.

Section 10.

The request must be in writing and made to the President of the League, such request having been received if delivered to the League office. The appeal request must contain the original decision, the basis of the appeal and relief sought from the BOD. The President determines whether or not a hearing needs to take place and the time and place for such hearing of the appeal. The President may at his/her discretion elect not to hear an appeal.

HEARINGS

The President or if unavailable the next highest officer of the BOD present will preside at the appeal hearing. Immediately after the hearing is called to order, any Board Member electing not to vote on the appeal will so declare his/her position, but this will not affect his/her ability to question the participant(s) or to participate in the discussion prior to a board decision.

If a decision being appealed was made by a committee chairperson, said chairperson shall be in attendance and will present a summation of the facts and information, which led to the decision being appealed. The appellant will then present his/her summation of the facts and information, which forms the basis of the appeal hearing. The presiding officer of the hearing can waive this rule if the situation warrants.

After the opening remarks of both parties, the person on whose complaint the committee's decision was based, witnesses for the appellant and/or any other interested individuals, if available, may make a statement at the discretion of the presiding officer. Witnesses designated by the parties may speak only after being called upon by the presiding officer. After all witnesses have been heard, the Board members may question any or all individuals who testified at the hearing.

When the presiding officer determines that all relevant information to the appeal has been obtained, he/she will dismiss the person(s) making the appeal and all witnesses. The BOD will discuss the issue and try to reach a decision. The presiding officer, or person appointed by the presiding officer, will attempt to notify the person making the appeal within 24 hours of the BOD's decision.

The options available to the BOD are as follows:

- (1) Overturn the committee's decision.
- (2) Uphold the decision.
- (3) Invoke a lesser or greater penalty.
- (4) Not reach a decision, the committee's original decision will remain in force.

The presiding officer will announce the final decision of the BOD. Within 10 calendar days of receipt of the final decision of the BOD, the appellant may petition the BOD for review of its decision. Any petition for review must be presented in writing, addressed to the President of the League, and received by the League office. At the sole discretion of the BOD, and only upon a majority vote, the decision may be reviewed and modified. No additional evidence will be taken or considered during this final step of the appeal process.

GRIEVANCES/DISPUTES RESOLUTION CONSENT TO WAIVER OF LITIGATION, BINDING ARBITRATION

All grievances against any coach, player, officer, NMYAFL official must be submitted in writing to the NMYAFL office. Grievances against coaches must be submitted in writing and addressed to the CSC. All other grievances must be submitted in writing and addressed to the NMYAFL BOD. Only written grievances will be acted upon (see Article III Section 6). Designated Uniformed Game officials are the highest authority during any game and there is absolutely no grievance procedure nor is there any appeal process where game designated game officials are concerned. All allowed appeals of final determinations by the NMYAFL BOD shall be submitted to binding arbitration in accordance the league regulations. Players, parents,

guardians, or any one participating in any fashion with NMYAFL knowingly consents to waiving any rights to avail them to the civil court system and accepts as the sole remedy for dispute resolution binding arbitration in accordance with applicable NMYAFL regulations.

The Arbitration Committee shall be assigned by the President of the NMYAFL or the next highest officer and may include at least two different age division coaches, one non-interested party, and/or member of the local community. The committee will consist of an odd number of members. Arbitration committee members may not include any member of NMYAFL from the same division or district as the person requesting arbitration. Sportsmanship Policy

The New Mexico Young America Football League (NMYAFL) wants to make our sports league an enjoyable experience for everyone. To help create this positive environment we established a "Sportsmanship Policy" that everyone in the league is required to acknowledge and uphold.

- ☐ I will support coaches and officials working with my child, in order to encourage a positive and enjoyable experience for all. I will avoid "coaching" from the sidelines or stands.
- ☐ I will treat other players, coaches, fans and officials with respect regardless of race, sex, creed or ability.
- ☐ I will help my child enjoy the youth sports experience by doing whatever I can, such as being a respectful fan, assisting with coaching, participating in team events and help maintain the fields.
- ☐ I understand the following items/actions are not tolerated at NMYAFL sponsored activities:
 1. No Alcoholic products, Smoking, illegal drugs, or Use of profanity.
 2. No unsportsmanlike comments towards staff, coaches, officials, parents, spectators, children and players.
 3. No derogatory yelling, verbal threatening, or physically attacking a league official, coach, parent or child.

- ☐ I understand that the game officials are here for the kids, the game and are the highest authority during a game. I will not question their calls or make unsportsmanlike comments towards the officials. I understand that the league provides guidelines for the head coach to address officials. I will not approach an official during or after a game to question their calls but only to get an interpretation of the rule.
- ☐ I understand that as a coach I should provide guidance to this policy to team members, parents, family and friends that attend NMYAFL sponsored activities to include games and practices.
- ☐ I understand that if I or any member of my team or spectator who fails to follow the items listed above could be ejected from the property. The Field Referee or the League Commissioners will make the ruling in accordance to NFHS or League rules.

Appendix D

Zero Tolerance Policy against Abuse

The league is committed to providing a safe environment for its members and participants, and to preventing abusive conduct in any form. Every member of this organization is responsible for protecting our participants and ensuring their safety and well being while involved in sponsored activities.

To this end, we have established the following guidelines of behavior and procedures for our staff, volunteers and participants. All members of this organization, as well as parents, spectators and other invitees are expected to observe and adhere to these guidelines.

1. Abuse of any kind is not permitted within our organization. This means we do not tolerate physical, sexual, emotional or verbal abuse or misconduct from our players, coaches, officials, volunteers, parents or spectators.
2. Physical and sexual abuse, including, but not limited to, striking, hitting, kicking, biting, indecent or wanton gesturing, lewd remarks, indecent exposure, unwanted physical contact, any form of sexual contact or inappropriate touching, are strictly prohibited within our organization.
3. Emotional abuse or verbal abuse is also prohibited. These include, but are not limited to such forms of abuse as: yelling, insulting, threatening, mocking, demeaning behavior, or making abusive statements in regard to a person's race, gender, religion, nationality/ethnicity, sex or age.
4. We are committed to providing a safe environment for our players, participants and staff. We do so by appointing all coaches, officials and volunteers – and anyone else affiliated with our organization – as protection advocates. Every member of this organization is responsible for reporting any cases of questionable conduct or alleged mistreatment toward our members by any coach, official, volunteer, player, parent, sibling or spectator.
5. Buddy System: We recommend that every activity sponsored by our program put a Buddy System in place. Each youth participant should be assigned a buddy during sponsored activities. No child should go anywhere – to the bathrooms, locker rooms, or other location – without his or her buddy.
6. To further protect our youth participants, as well as our coaches, officials and volunteers, we strongly advise that no adult person allow him/herself to be alone with a child or with any group of children during sponsored activities. In particular, we recommend that coach or other adult members of this organization:
 - Do not drive alone with a child participant in the car
 - Do not take a child alone to the locker room, bathrooms or any other private room
 - Provide one-on-one training or individual coaching with the assistance of another adult or the child's Buddy
 - If you must have a private conversation with a youth participant, do it within view of others, in the gym or on the field, instead of in a private office
 - Coaches and other adult members of this organization should not socialize individually with the participants outside of sponsored activities
 - Supervision/Chaperone ratio: We recommend that for any sponsored activity, the ratio of adults to youth participants be 1:8 – one (or more) adults for every eight children, with a minimum of two adults for every activity.

When traveling overnight with youth participants, children should be paired up with other children of same gender and similar age group, with chaperones in separate but nearby rooms.

We want to empower our children to trust their feelings and let them know that their concerns, fears and hopes are important by listening to them. Open communication between children and parents, or between children and other adults in the organization may help early warning signs of abuse to surface.

We encourage parents to become as active as possible in sponsored activities, games, practices and other events. The more the parents are involved, the less likely it is for abusive situations to develop.

We will respond quickly to any and all allegations of abuse within this organization. This information will be communicated to the authorities for investigation and will be reviewed by the organization's directors. The alleged offender will be notified of such allegations promptly.

Any person accused of sexual or physical abuse may be asked to resign voluntarily or may be suspended by the board until the matter is resolved. Regardless of criminal or civil guilt in the alleged abuse, the continued presence of the person could be detrimental to the reputation of the organization and could be harmful to the participants. A person who is accused but later cleared of charges, may apply to be reinstated within the organization. Reinstatement is not a right, and no guarantee is made that he or she will be reinstated to his/her former position.

We promote good sportsmanship throughout the organization and encourage qualities of mutual respect, courtesy and tolerance in all participants, coaches, officials and volunteers. We advocate building strong self-images among the youth participants. Children with a strong self-image may be less likely targets for abuse; similarly, they may be less likely to abuse or bully others around them.
