Springtime is here so let's make everything shine! What better time to get together with friends and family, meet new people and build community spirit?

From homeowner, to organization to business owner; this is a great time to Spruce-Up your own place and help with community areas too.

Be on the look-out for all the **DuBois Fire Companies** on the evening of **Friday, April 20th!** They have a long-standing tradition of hosing off the streets and sidewalks of downtown DuBois to get ready for the Clean Up on Saturday.
