

## SCCS 2016-2017 Directory

### How to Access and Use the Online Directory

This year, SCCS is making the school directory available online through Parent Portals. This feature will allow families to access contact information for Staff, Parents and Students online when they login to the SCCS Portal. You can review and update your demographic information yourself online. To learn how, click the link in this email called "How to Update your Listing in the Online Directory."

When you login to the Portal, there's now a Directory link on your Home page.

When you enter the Directory, it defaults to the Staff Listing. From this page, you can click to Parent or Student:
