

FOREST ROAD PAYS IT FORWARD

Forest Road Pays It Forward is a passion project created by teachers at Forest Road. Our teachers want to give students at Forest Road equal educational and economic opportunities that might not be available because of family circumstances. We understand some times are harder than others, and we want to be there to help. Through fundraising and donations, *Forest Road Pays It Forward* will give students and families things they need for school and day to day life.

For example: If a student cannot afford to purchase a class t-shirt, the family or teacher can reach out to *Forest Road Pays it Forward*, and we will get that student a class t-shirt. Other needs/requests could include: school supplies, gym shoes, field trip money, winter coats/boots, extra curricular clubs and activities, and other school based needs.

Since this is new, we want to start out small, however our ultimate goal is to make sure every student has the same school opportunities. We hope our “start out small” philosophy can grow each year. With your donations, we know we can!
