

# Building Safe Zones

Safe Zone Training will give you tools to better serve members of the LGBTQ community who need help, advice or someone to talk to. The training will enhance your understanding and ability to support individuals, who in turn will have greater trust in you.

Once you complete the Safe Zone training, you will receive an LGBTQ Safe Zone sticker to display in your office. The sticker indicates you are open to and supportive of the LGBTQ community. The knowledge you gain will enable you to be a resource for your co-workers as well.

The Safe Zone training will be offered twice. You do **NOT** have to attend any other training to participate. Learn more about Safe Zone at <http://thesafezoneproject.com/about/what-is-safe-zone/>.

Please register soon for **ONE** of the following trainings. Seating is limited.

Friday, September 7, 2018

10 a.m. - Noon
