

LOS ALAMITOS HIGH SCHOOL CONSTRUCTION UPDATE

Beginning Wednesday, November 14th, the trenching will begin in the Faculty/Student parking lot on the west side of campus along Los Alamitos/Norwalk Blvd and will cut the number of parking stalls in half.

Available parking spots can only be accessed through the southernmost driveway. This driveway will be used for both entrance and exit. Gates to this parking lot will be locked between the hours of 9:00 a.m. and 1:30 p.m.

Available parking stalls will still be designated. Staff spaces will be marked with “**STAFF.**” Student spaces will remain unmarked. Due to the limited number of spaces, students will want to utilize available parking in the east lot near the football field.

**CONSTRUCTION IN THIS AREA WILL CONTINUE
THROUGH DECEMBER 30, 2018.**

Thank you in advance for your understanding and cooperation.

Please see below a diagram of the changes in available parking due to construction.
