CEUs: This program is approved for 0.65 CEUs (Continuing Education Units) by ETSU’s Office of Professional Development.

ASHA credits: This program pending ASHA approval for 0.65 ASHA CEUs (Intermediate level, Professional area) by ETSU’s Department of Audiology & Speech-Language Pathology.

CNE Credit: 6.50 continuing nursing education contact hours for this conference. East Tennessee State University College of Nursing is an approved provider of continuing nursing education by the Tennessee Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Learning Objectives:
Participants will be able to:
• Identify narrative medicine and contributions to brain injury.
• Identify neurochemical and mechanical injuries associated with TBI.
• Identify current methods of assessing speech, language, and neurocognitive dysfunction in the acute phase following a TBI.
• Summarize early assessment of ADL dysfunction in individuals with moderate severe TBI.
• Explain assessment and intervention for ataxia and dyspraxia in early stages of brain injury recovery.
• Summarize opportunities for medication management to address behavior dysfunctions with individuals preparing for IP Rehab.
• Summarize assessment of adaptive equipment for mobility.
• Share methods to improve family-patient communication in preparation to discharge home.
• Transitioning to independence with instrumental ADL and opportunities for leisure-based interventions.
• Provide a Venue for the exchange of information about brain injury programs, resources, treatment, and therapies.
• Learn from an individual living with brain injury how we as professionals can best assist and support them.

SPONSORS
Speaker Information:

Jules Corriere is a playwright and theater director with Community Performance, International. She recently located to Jonesborough to take on the role of Outreach Programming Director for the town's new comprehensive Mary B. Martin Program for the Arts. She has written 40 plays based on stories from ordinary people in communities across the country and abroad. Jules also writes and directs a monthly story-based radio show in Jonesborough, Tennessee, now in its sixth year. The program airs on NPR station WETS 89.5 FM. **Financial Disclosure:** Employed by Town of Jonesborough and receives a salary. Receiving an honorarium from ETSU for the Eleventh Annual Intermountain Brain Injury Conference. **Nonfinancial:** No relevant nonfinancial relationships exist.

Janice Osborne Dowdy, M.S., CCC-SLP, CBIS, received her Bachelor of Science degree from Eastern Kentucky University and Master of Science degree from East Tennessee State University. Janice has 16 years of experience as an SLP. She worked previously for HealthSouth Kingsport, and Cardinal Hill Rehabilitation in both clinical and administrative positions focusing on neuro rehab for clients with TBI, stroke, and progressive neurological diseases across the continuum of care. Janice also worked as a Clinical Specialist for Chattanooga Group, educating and instructing therapists and physicians across the country on best practice implementation of Vital Stim therapy and dysphagia treatment. Janice is a Certified Brain Injury Specialist (CBIS) through the Brain Injury Association of America, certified in Fiberoptic Endoscopic Evaluation of Swallowing (FEES), LSVT LOUD, and Vital Stim Speciality Certification. Janice is currently the lead Speech-Language Pathologist at NeuroRestorative, Ashland, KY. NeuroRestorative provides both outpatient and residential services to individuals who have suffered a brain injury. The program focuses on community re-integration and re-learning of all life roles. Clients in the program hold both volunteer and paid employment in the community and attended the local community college. **Financial Disclosure:** Ms. Dowdy is employed by NeuroRestorative and receives a salary. Ms. Dowdy is receiving an honorarium from ETSU for the Eleventh Annual Intermountain Brain Injury Conference. **Nonfinancial:** No relevant nonfinancial relationships exist.

Dede Norungolo is herself a brain injury survivor. From trauma patient to empowered advocate, Ms. Norungolo is a specialist at Clemson University’s Student Disability Services and a role model for many of her students. Prior to serving as a disability specialist with Clemson, Norungolo worked as a counselor with South Carolina Vocational Rehabilitation Department from 2006 to 2010. She is a certified rehabilitation counselor and recently achieved the status of nationally certified counselor. She earned her master’s in rehabilitation counseling from the University of South Carolina in 2008. **Financial Disclosure:** Ms. Norungolo is employed by Anderson Behavioral Health and receives a salary. Ms. Norungolo is receiving an honorarium from ETSU for the Eleventh Annual Intermountain Brain Injury Conference. **Nonfinancial:** No relevant nonfinancial relationships exist.

Brett Jones, PT, ATP/SMS, NDT/C, is a practicing Physical Therapist in the Bristol, TN, area. Brett received his master's degree from the University of Louisville in 2000. He is certified in Neuro-Developmental Treatment Approach specializing in the management and treatment of adults with hemiplegia. He is a certified Assistive Technology Professional (ATP) and has work experience as a PT in inpatient, outpatient, Long-Term Care facilities, and specialty hospital settings. He has extensive experience in treating adult neurologic patients in these settings and was the lead PT on a “head injury” unit at a Rehabilitation Hospital in Cincinnati, OH, where he also served as a consultant on its Wound Care Specialty Board. Brett and his wife, an OT, currently own/operate Jones Adaptive Mobility LLC., a wheelchair company in Bristol, TN. He is an adjunct professor through Wytheville Community College in its Physical Therapy Assistant Program. Brett frequently provides clinical education and in-services for Long-Term Care facilities and various home health companies for seating and mobility assessments and patient needs. **Financial Disclosure:** Mr. Jones is employed by Jones Adaptive and receives salary. Mr. Jones is volunteering to speak for the Eleventh Annual Intermountain Brain Injury Conference and receives no compensation. **Nonfinancial:** No relevant nonfinancial relationships exist.

Travis Pridemore, OTR/L, MBA, C/NDT, has been practicing OT for 20 years. He graduated from the University of Tennessee, Memphis, as well as earning an MBA from ETSU. Travi’s has been in home health for 14 years; he considers himself a generalist. Travis' main practice areas include acute, rehab, SNF, outpatient, and home health, also he is certified in Neurodevelopmental treatment. He is currently employed by Mountain States Health Alliance Home Health. **Financial Disclosure:** Mr. Pridemore is employed by Mountain States Health Alliance Home Health and receives salary. Mr. Pridemore is volunteering to speak for the Eleventh Annual Intermountain Brain Injury Conference and receives no compensation. **Nonfinancial:** No relevant nonfinancial relationships exist.

Fredda Roberts is the Regional Service Coordinator for the upper nine counties of East Tennessee. Her office is based at the Crumley House Brain Injury Rehabilitation Center. With her certification as a Brain Injury Specialist, Mrs. Roberts assists brain injury survivors of all ages in her region. **Financial Disclosure:** Ms. Roberts work for Crumley House and receives a salary.
