

# Cyber Security Compliance for Small & Medium Businesses

#L0210B

TUESDAY, AUGUST 14, 2018

8:00 TO 9:30 AM

RHODES STATE COLLEGE

General Overview :

How familiar are you with these terms:

- NIST SP 800-171
- Critical Security Controls
- Covered Defense Information
- SSP
- Incident Management Plans
- Data breach reporting mandates

Defense contractors should already be familiar with these and other terms. Manufacturers in the automotive industry will need to be familiar as mandates for that industry have just been announced.

Join us for an overview of these and other terms so that you are better informed on the federal cybersecurity compliance requirements. This is an important part of your overall cybersecurity program. Your company's ability to maintain its role in its supply chain depend on it!

This overview will also prepare you for the compliance educational series to be offered later this summer!
