

# Youth Welding Workshop

**Who:** Youth ages 15-18 (7 participant maximum)

**What:** A unique opportunity for young adults

**Where:** Rhodes State College in Lima, OH

**When:** Saturdays ONLY!! 9am-1pm

October 6, 13, 20, 27, and November 3, 2018

**\*Certificate included with completion of program**

## #L9174G: Welding Bootcamp

- 5 total weeks, 4 hours per week (20 total hours)
- Saturdays: October 6, 13, 20, 27 and Nov 3, 2018 from 9 am to 1 pm
  - Please use the attached form to register

**At the completion** of this course, you can expect to have gained skills in the areas of Stick, MIG and TIG welding.

**You will learn to** understand how welds are inspected and what type of quality acceptance criteria is associated with each type of weld. You will also learn to interpret commonly used welding symbols.

**The course is** competency-based, meaning your performance is not compared to other students. There are multiple benefits to this learning style, including applying your current skills, focusing on acquiring new skills, reviewing content several times to ensure comprehension, and potentially progressing through the course in a quicker fashion.

**The instructor will** assess each student's skill level. Coursework can be learned at your own pace and level.

**The course teaches** the following skills:

- Safety
- Shielded Metal Arc Welding (SMAW)  
*(commonly known as stick welding)*
- Gas Metal Arc Welding (GMAW)  
*(commonly called MIG [Metal Inert Gas] welding)*
- Gas Tungsten Arc Welding (GTAW)  
*(commonly called TIG [Tungsten Inert Gas] welding)*
- Welding symbols according to the American Welding Society
- Related welding quality inspection and criteria for acceptance

## About the Instructor

**Roger Roberts** has 45 years of experience in welding.
