

## FULL SCHOLARSHIPS AVAILABLE **SUMMER CODING CAMPS**

Hello parents!

Through a generous donation of the Amazon Future Engineers program, we will be running summer coding camps on the Amazon campus and have several scholarships available for kids!

To be considered for a summer camp scholarship, please send the name and age of your student to: [scholarships@codingwithkids.com](mailto:scholarships@codingwithkids.com)

\*Camps are available for the Amazon campus only and will require parents to provide transportation and snacks and/or lunches for their student\*
