

SOUTHERN REGIONAL EXTENSION FORESTRY

Join other Cooperative Extension personnel, educators and our expert speakers for an exciting and knowledge-filled urban and community forestry webinar series. Covering topics such as the effects of urban forests on our health, creating storm-resilient forests, and more, the following 12 webinars aim to increase knowledge and provide resources to support educational programming.

Nature & Health in Communities: A Review of Best Available Science

March 14, 2018, 1pm ET
Dr. Kathleen Wolf, University of Washington

From Science to Action: Evidence-based Programs for Nature & Health Communities

March 28, 2018, 1pm ET
Dr. Kathleen Wolf, University of Washington

Storm-Resilient Urban Forests: The Role of Species Selection & Maintenance Pruning

April 24, 2018, 1pm ET
Dr. Eric Wiseman, Virginia Tech

27 Years of Extension Urban Forestry Outreach: A Pennsylvania Success Story

May 9, 2018, 1pm ET
Vincent Cotrone, Penn State University

Storm-Resilient Urban Forests: Response Resilience, Are You Prepared to Respond?

May 23, 2018, 1pm ET
Dr. Richard Hauer, University of Wisconsin

Promoting Urban & Community Forestry through Staffing, Volunteer Groups, Tree Boards & Ordinances

June 12, 2018, 1pm ET
Dr. Brian Wolyniak, Penn State University

Have You Checked Your Trees Lately? A Routine Check-Up of Trees Saves Lives & Property

June 26, 2018, 1pm ET
Dr. Robert Polomski, Clemson University

Trees for Bees: Pollinator Habitats in Urban Forests

July 10, 2018, 1pm ET
Dr. Elizabeth Benton, University of Georgia

Transitioning from Gray to Green Infrastructure Using Urban Forestry

July 24, 2018, 1pm ET
Robert Northrup, University of Florida

Tree Stewards: Case Study of Two Virginia Urban Tree Volunteer Programs

August 16, 2018, 1pm ET
John Freeborn, Virginia Tech, &
Nora Palmatier, Trees Virginia

What's Bugging your Trees? Insect and Fungal Pests in Southeastern Landscapes

September 26, 2018, 1pm ET
Dr. David Coyle, Southern Regional Extension Forestry

Leaf Spots, Scorches, and Wilts Affecting Southeastern US Deciduous Trees

October 25, 2018, 1pm ET
Dr. Jean Williams-Woodward, University of Georgia
