Mountain Area Health Education Center (MAHEC), in collaboration with The Brain Injury Association of NC (BIANC), is offering this interprofessional educational program on October 28, 2016 at the Andrews Conference Center on the WakeMed Health & Hospitals campus in Raleigh, NC. This conference will enable healthcare providers to help people with brain injuries and their families as they transition through the continuum of care, to improve outcomes.

Parking: All conference center attendees should park in the P3 lot located across from patient registration; to get a stamp to validate parking, bring your parking ticket with you. The P4 lot that is attached to the Andrews Center is for patients only. [Click here for a map](#)

Note: Handouts will be available pre-conference online; paper handouts will not be available the day of the program.

## AUDIENCE

Nurses, Occupational Therapists & Assistants, Physical Therapists & Assistants, Speech Language Pathologists, Mental Healthcare Professionals including Psychologists, and Interested Others.

## OBJECTIVES

Upon completion of this lecture-based program, participants will be able to:

- Correlate how damage to certain parts of the brain can cause emotional, behavioral, and cognitive symptoms
- Cite both pharmaceutical and non-pharmaceutical approaches to improving emotional, behavioral, and cognitive symptoms after traumatic brain injury (TBI)
- Anticipate future methods of treatment, including neuromodulation techniques
- Teach techniques to help TBI survivors create weekly routines to reengage with the world
- Coordinate a safe return to academics and athletics after a concussion
- Cite technology that can support new opportunities for persons after TBI
