Application Requirements and Procedures

Applicants to IPMM 508: Patent Analytics and Landscape Reports online course must have a bachelor's degree (or foreign undergraduate equivalent).

The online class starts January 21, 2018. The early decision deadline is December 15, 2017.

Application Checklist

01 Application for Admission

Follow the step-by-step instructions below to complete the application through the online Application Portal. Be sure to submit all supporting documents by the application deadlines listed above.

a. Access the online application and click Sign Up to create an account.
b. Follow the online instructions and sign in using your username and password.
c. Under "Welcome to Illinois Institute of Technology" click Online Application, then click Start Application.
d. Under the heading "Start a New Graduate Application" (far left of the screen), click Start Application.
e. Under the "New Application" heading, select the following drop down menu items:
   o Level: Graduate App
   o Student Type: Online
   o Degree: Non-Degree
   o Academic Major: Intellectual Property Management and Markets
   o Term: Spring 2018
f. Click Start Application to complete the application form and upload the required documents.

02 Order Transcripts

Applicants should arrange to have transcripts of prior study submitted to the Office of Admissions. Applicants who have done academic work at foreign institutions must provide original academic records and officially certified English translations of the original records.
