

## Alberta Forage Industry Network

*Continued from Page 1*

The AFIN AGM was held March 7, 2017, in Leduc. For the first time, we had the Minister of Agriculture and Forestry, Oneil Carlier, bring greetings from the Government of Alberta. As well, Blain Hjertaas inspired us with a talk on regenerative agriculture, building soil with forages and grazers. Sean Royer from Alberta Agriculture and Forestry spoke on “Social License” morphing into “Public Trust” and 2016 AFIN Leadership award recipient and AFIN Director Doug Wray provided a look back at AFIN’s history.

AFIN was pleased to have Cedric MacLeod, CGFA executive director, attend our AGM, providing the opportunity to learn more about CGFA activities and where AFIN and partners can find synergies to build momentum.

Ed Shaw of Green Prairie was the 2017 AFIN Leadership Award winner, recognizing his influence internationally, nationally, provincially and locally.
